New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.
IRA P. BALLOU.

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insnre by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous busipess, which we believe to be without a parallel in the history of insurance.

THE LARGEST, Most General and Best Selected Stock of MERCHANDISE ever introduced to the people of Rock and the adjoining counties is now received at the EMPIRE CASH STORE. A Stock larger than any Two Stores in Janesville to be Sold for CASH, at prices that all can see are at least 25 per cent lower than the PRETNDED CASH STORES SELL FOR.

Than any other Store in the county. For this reason we sell more Goods than any two Stores in Janesville, and this year we intend to sell more than any three, consequently, we can sell just one-third cheaper, as our expenses are no more by selling so much than they would be did we not sell any more than our neighbors.

~~Reduce~~ The Price and Increase the Speed

Is the order of the day; and in order to do so, we have purchased this spring larger than ever, and intend to sell at prices to astonish everybody.

We buy Goods to SELL, and intend everybody shall understand this by our prices. We have purchased every thing by the Cord in the way of Merchandise. Our Stock embraces every thing in the Goods line, kept in such a store as ours only, commencing with

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shewn that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

THE HIGH PRICES OF FOOD.—A respected correspondent inquires as to what causes the high prices of provisions, which, as he says, now occasion a great deal of suffering among those who work for their living in this city and other large towns, and who would be glad to have that living such as every honest and industrious laborer is fairly entitled to. Our correspondent inquires whether the present high prices are not owing to the fact that speculators bought up all the provisions last fall and winter? Very likely they did this—but so it will be every fall and winter, and we see no reason why men should not gamble with flour, or potatoes, or butter, for stakes as well as fancy stocks in Wall-st. The law of demand and supply must rule the prices of food as well as of other things. If more provisions were produced, the prices would be less, and there would be more difficulty in buying up and controlling the market. We have too many consumers for the producers, and we hope the difficulty of getting food will drive some thousands of them to the country to cultivate the millions of waste, rich acres, and grow their own provisions, and then they will have no occasion to grumble at high prices.

Our correspondent further inquires if the banks do not aid and encourage these provision speculators by loans upon long time? That is possible enough; but on the other hand, do not farmers encourage the banks by putting their money in their stocks instead of putting it in improvements on their farms so as to make more produce at less prices and better profits than they do now? What if all the farm produce we eat were grown by the use of the hoe alone, as many crops are in South Carolina and the lower part of Georgia? Would it not be even higher than it now is, with all the aid of banks and speculator's prices? And are not northern farmers generally, taking into view their superior opportunities, just as far behind the times in their modes of producing crops as the southern negro with his hoe? Why, if all the cultivated land in the United States were plowed on an average twelve inches deep instead of three inches or less as it is now, the produce of the country would be more than doubled without adding ten per cent. to the cost? And in that case, it is not too much to say that speculators would find better employment for their own, or their borrowed capital, than in buying up crops of grain, fruit, butter, cheese or meal, to peddle out to the poor unfortunates who work and starve in cities.

The evil complained of is not in the banks which furnish the money. It is much more the fault of the farmer who withdraws his capital to invest in bank stock or on bond and mortgage, and perhaps takes his own and his son's labor from the field to engage in trade or in the very speculation that our correspondent complains of. This consideration leads us to the remedy for this great evil suffered by all the working-class of towns and cities; grinding them down to a bare subsistence and weighing like an incubus on their hope for the future. All their efforts to increase their wages do no good—they live no better now than they did when they worked for just one-half what they get now; and thousands are in the same condition and do not know how to rid themselves of this curse of constant toil for a mere subsistence—for slave's wages. For the difficulty we repeat the old prescription. Quit the city. Go to tilling the soil. Be producers of food instead of consumers. Do not become like nine-tenths of the farmers in this country, mere land-drones; sometimes dogs in the manger, that get possession of land which they will neither cultivate themselves nor let anybody else cultivate. If you are too poor to buy land, you are not too poor to vote for men who will pass the homestead bill, and open the Great West to the hands of all who will give their labor to its soil and build homes on its rich prairies and swelling bluffs. You can vote too, for men who will shut up the hundreds of thousands of pauper manufactories in the country, which tax you twice as much as all the banks and speculators and high prices put together.—It is crime, and not speculation, that robs you and keeps you poor. It is for you to work out the great change that will bring you a proper reward for your labor, by your hands and your votes. But don't vote like a slave to your party any longer, and then you will not cry out against speculation nor think that bank loans are the cause of the high prices of provisions.—*N. Y. Tribune.*

IS IT PAINFUL TO DIE?—According to my observations the mere act of dying is seldom, in any sense of the word, a very painful process. It is true that some persons die in a state of bodily torture as in cases of tetanus; that the drunkard, dying of delirium tremens, is haunted by terriffe visions; and that the victims of that most horrible of all diseases, hydrophobia, in addition to those peculiar bodily sufferings from which the disease has derived its name, may be in a state of terror from the supposed presence of frightful objects, which are presented to him as realities, even to the last. But these, and some other instances which I might adduce, are exceptions to the general rule—which is, that both mental and bodily suffering terminate long before the scene is finally closed. Then, as to the actual fear of death, it seems to me that the author of our existence, for the most part, gives it to us when it is intended that we should live, and takes it from us when it is intended that we should die. Those who have been long tormented by bodily pain are generally as anxious to die as they ever were to live. So it is often with those whose life has been protracted to an extreme old age, beyond the usual period of mortality, even when they labor under no actual disease.—*Psychological Inquiries.*

ROCK ISLAND ROAD.—If anything were wanting to show the immense travel through Chicago both to and from the great and fertile country west of us, the following statement of the earnings of a single one of our Illinois railroads leading west from Chicago, would be all sufficient. Just think of it! upwards of $2200 in cash *daily* from passengers alone, and nearly $2,000 *per day* for freight, with a canal and other railroads almost parallel alongside of this road. The following is the statement of the Chicago and Rock Island railroad earnings for June, 1854:

From passengers,	$68,508,49
Freight and mails,	44,500,00
Total,	$113,008,49
" for May,	109,289,20
Increase,	$3,719,29

And yet this road has not been able to do all the freighting business that has been offered.—*Chicago Tribune.*

PETTIT.—The new democratic apostle, who scouts the declaration of independence as a *lie*, is thus spoken of by Mr. Benton, in a recent letter to a citizen of Indiana:

"Sir, your senator (Pettit) is a great liar and a dirty dog, falsifying public history for a criminal purpose."

This is more expressive than elegant, certainly, but it may nevertheless be true. If Pettit's character be properly delineated by Benton, we do not see why he should quarrel with the declaration of independence, even if his estimate of it should be the right one.—*Chicago Tribune.*

WEDNESDAY MORNING, JULY 12, 1854.

Home Interests.

For a long time past, the great and absorbing interest in the minds of the citizens of this place has been *railroads;* and it may well be questioned whether there are not other interests, really of equal importance, which have been too much lost sight of, too much superceded by this one. No better natural advantages for a large mechanical add manufacturing business can be found anywhere than at this place. We have several manufacturing establishments, and a number of mechanics and machinists, that are doing a fine business, but our natural facilities can by no means be said to be developed. The hydraulic power of Rock river has scarcely began to be occupied. For a mile or two, or three, within the limits of this city, its banks might be lined with mills and factories, and yet this power be unexhausted. We are yet importing a thousand articles of domestic and agricultural use which ought to be manufactured here, sending money abroad to pay for them, which ought to be used here in making us more independent of foreign manufactures. Who thinks railroads would not find their way to us without many extra inducements, if this power was more fully occupied and these articles more extensively manufactured?

Then there are our schools. Have we any reason to be over proud of the exertions we have put forth in this direction? It is true we have had and have now, some excellent schools. But they have thus far been sustained by the perseverance of teachers, aided and encouarged by only a few individuals, in spite of the disheartening apathy of a majority of our citizens upon this subject. Our school houses are too small and too few to accommodate the great number of pupils registered upon the school list. We have an excellent superintendent and enjoy a most munificent public fund to support schools, yet a want of proper interest and harmony of feeling and action upon the subject, by our citizens, deprives us of the advantages we ought to reap from the services of the one and the use of the other. We have no comparisons to make with other towns, but when we are asked "what are the educational advantages of your city," candor and truth impel us to answer, "not what they should be." Is this state of things necessary? By no means. Let us turn our attention to this truly important subject at once. It is of vast consequence to us. It is an investment of effort that will pay—and as for means, we are expending enough every year, if it were done under a proper system, to endow and support the best of schools and plenty of them. How much longer shall these means be misapplied through want of system and concert of action. We trust not long.

Nobody can find fault as a general thing, with the manner in which our hotels are kept. Their character stands well in comparison with any others. But though well provided with room and accommodations, how inadequate have they been to meet the rush of travel that has centered here this season. People enough have been turned away, or sent to private houses, to say nothing of those who knowing the difficulty of obtaining comfortable quarters have been diverted to other points, to abundantly support a first class hotel. Property holders would make money to *give* the stock to some responsible company that would enter into bonds to build, furnish and maintain such a hotel. Would it not be well that some of our superfluous anxiety about railroads be expended upon this subject? That while we are so busy in devising facilities for people to come here, we look a little further and provide accommodations for them when arrived? Will you think of these things, and may we not further ask, will you act upon them?

MICHIGAN.—The anti-Nebraska convention which met at Jackson a few days since is said to have been very fully attended and made the following nominations. For governor, Kingsley S. Bingham; lieutenant governor, Geo. A. Coe; secretary of state, John McKinney; treasurer Silas M. Holmes; attorney general, Jacob M. Howard; auditor general, Whitney Jones; land commissioner, Seymour B. Treadwell; Superintendent public instruction, Ira Mayhew; board of education, John R. Kellogg—to fill vacancy Hiram L. Miller.

☞ A typographical blunder that carries its character on its face, or affords an intelligent reader a chance to make his own correction, we usually let take its run. But occasionally one occurs that requires a formal notice, and such a one will be found in the advertisement of Mrs. La Dow yesterday. If the reader will call *crayolithic* painting what is there named "chrysolithic," he will be much nearer right than the types were when they gave so bad a misnomer to a new style of a really desirable art.

☞ Thomas Shea, Edward Fitzgerald, Ellen Fitzgerald and William Neil, are undergoing examination as witnesses before a jury of inquest in the murder case of Connor.

CONNECTICUT.—The legislature of Connecticut adjourned *sine die*, on Saturday morning, 1st, after a session of nearly two months—during which time two United States senators, a chief justice and judge of the superior court of the state have been elected, numerous other inferior offices filled, banks chartered, a Maine law passed; above all, Connecticut has spoken in a loud and indignant tone against the perpetration of the Nebraska iniquity. A bill to repeal the act allowing temporary residents in Connecticut to retain their slaves, was rejected by the house of representatives on Friday, by a vote of 68 to 99. The same body passed the bill to repeal the act allowing theatrical exhibitions, which had previously passed the senate, by a vote of 129 to 64. A bill prohibiting the use of the prisons of the state, for confinement of fugitive slaves, by a vote of 70 to 63.

☞ The intimate conection of the Messrs Schuyler of New York with several Wisconsin and other western railroads gives any information concerning them or their financial operations peculiar interest to our readers, and hence we have published such facts as we have found credibly reported. To what we have already given we add the following from the New York Evening Post:

THE SCHUYLER FAILURE.—The fraud committed by Robert Schuyler continues to be the great topic of conversation. There is reason to believe that he is now in Canada. The last that was seen of him was on Tuesday morning, the 4th of July, at his residence in Twenty-second street, when his brother-in-law, Mr. Bowdoin, left him. He has been heard of since at Saratoga, in the cars bound for Burlington, Vermont, there he doubtless designed to take the steamer for Canada. At the board of Brothers to-day, it was announced that he was in Canada. The day before he left, on the 3d of July, he and his brother executed an assignment of all the property belonging to the firm, as well as his individual property, to Messrs. Bowdoin & Barlow, attorneys at number 65 Merchant's Exchange.

The assignment, we have been informed by Mr. Bowdoin, is made for the benefit of all the creditors without preference, and the assignees have taken possesion of the property, and will as soon as possible make a public report on the condition of the estate, its liabilities and assets.

George. L. Schuyler has not seen his brother since Monday, and says "he never expects to see him again." He says, also, that he is not aware of the firm being benefitted in any way by the large sums arising out of the hypothecation of the spurious stock.

In consequence of the assignment of all his property, George L. Schuyler has resigned the presidency of the Harlem Railroad company; in consequence of which the directors of which have been called together, and are now in session at Nelson Robinson's office in Wall street. They intend, we learn, for general satisfaction, though no suspicion attaches to any misdoings in the Harlem company, in which Robert Schuyler has had no power for the past year, to make a thorough examination into its affairs, and to report the result

One of the many incidents publicly mentioned in connection with this gigantic fraud is that Cornelius Vanderbilt had an interview with Robert Schuyler subsequently to the announcement of the failure—offered him at once a check for $150,000, and tendered further assistance to the extent of even three millions, if necessary, and would carry the New Haven and Harlem stocks at par, if Robert Schuyler would only assure him that "all was right." To this Robert Schuyler made no other reply than shaking his head. No such assurance could be given. The enormity of this crime, committed by an old member of one of the most aristocratic families, and the grandson of Gen'l Schuyler of the revolution, has produced a shock in financial circles from which the country will not soon recover.

As a matter of course, since the discovery of this great fraud. everything pertaining to the past history of Robert Schuyler is seized upon with great avidity. The matter of his secret marriage is much discussed. This was unknown to a majority of people until since the failure.—Mr. Schuyler had been living as a bachelor, and was supposed to be a bachelor until a few months since, it was discovered that he had been privately married many years previous, and had a family of children, one or two of whom had grown up and got married. They had gone under the name Spicer. Mr. Schuyler's explanation was that he saw a pretty girl with whom he fell in love; she was poor and he knew his family would object to the match; so he married her privately, and had never divulged the secret.

The amount of New York and New Haven railroad stock illegally issued by Robert Schuyler is reported by a committee of the directors at about 20,000 shares, of a cash value *of two millions of dollars.* He is also said to have applied to his own use $300,000 received from the sale of the bonds of the Harlem railroad. The exact extent to which he has involved the western roads with which the firm of Schuyler & Co. was connected cannot yet be told. We are glad to learn that three of them, the Lake Shore, the Racine, and the Milwaukee and Watertown, will not suffer materially.

A SIGNIFICANT MOVEMENT.—The call for an anti-Nebraska state convention in New York, noticed yesterday, is one of the most significant movements of the day. It is issued over the names of such men as Moses H. Grinnell, A. C. Flagg, W. C. Bryant, Minthorn Tompkins, John A. and Charles King, Joseph and G. W. Blunt, David Lord, H. Ward Beecher, and others equally well known, who have been prominent for years in the different parties existing in the country. It is also endorsed by leading members of all the old political organisations.

The objects avowed in the call are:

For the protection of the free states from southern aggression and northern treachery;

For the recovery of the rights of the free states as an integral part of the Union; and

For the rescue of the general government from the control of the slave power.

As a means of accomplishing these objects, the following topics are suggested for the consideration of the convention:

First. The propriety of convening a congress of delegates from all the free states and territories, and from such portions of the slave states as sympathize with the objects proposed for consideration in the general call of this convention.

Second. The necessity of thorough preparation for the fall elections, that none may be sent to the congress of the United States, except those who can be relied on for a firm and unflinching opposition to the designs and encroachments of the slave representation.

Third. The best method of permanently restricting the institution of slavery to the limits prescribed by the Missouri compromise, and the absolute and complete release of the people of the free states from any participation in or responsibility for its longer existence.

This call contemplates a thorough *fusion* of parties for a specific purpose, and has the sanction of names that will give it significance and importance throughout the Union. It is not liable to the objection and little subject to the hazards of a mere coalition of two or more parties in the minority against a dominant party; but involves, if successful,—and the auspices and circumstances under which it is ushered into being seems an absolute warrantee of success,—a subversion of all old organisations, and the re-construction of portions at least of each into a powerful and triumphant party. Such a movement in New York will be likely to be followed in other free states; then comes counter combinations in the slave states, and the "agitation" so wantonly and needlessly renewed by the south will convulse the country beyond anything yet known in its history. The conservative feeling of the north may deplore and would willingly decline such a contest, but it cannot evade the issue, and ought not if it could. The battle, once begun, must be fought till defeat or victory closes the contest.

THE REPULSE AT SILISTRIA.—The Journal de Constantinople gives the following account of an attack made by the Russians on the southwest outworks of Silistria, and their disastrous defeat. The Turks fought like fiends:

Three storming corps of 10,000 men each, formed with a battalion of engineer sappers, with fascines and scaling ladders, at their head. Before the men set to work they were addressed by prince Paskiewitsch, who urged them to exertion, "as, if they did not succeed in taking the fortress, he should be obliged to keep back their rations." After this encouragement two of the corps proceeded toward the fort of Arab Tabinand Yelanli; the third corps was to act as a reserve.

After a terrific cannonade the storming parties advanced, but were received by the Turks with such a well directed fire that for a time they made but little progress. The Russians, however, fought bravely, and having managed to scale the breastwork of one of the batteries, a regular hand-to-hand fight took place. At last the Turks were victorious, and the unfortunate besiegers were knocked into the ditches with the butt-ends of the Turkish muskets. The Russians had evidently lost courage, and when they returned to the attack, it was only because they were forced to do so by the officers.

When there was literally no more fight in the men, a retreat was sounded, and the Russians carried off as many of their dead and wounded as they could. The Turks, after their enemies had retired, picked up 1,500 dead bodies, a great number of guns, swords, drums, musical instruments, and the colors of a battalion.

General Dannenburgh has succeeded to the chief command of the Russians forces of the Danube, in consequence of the wounds received by the general in command.

General Lucers had his jaw carried away by a cannon ball.

WHEAT IN THE GENESEE COUNTRY.—The Rochester American speaks somewhat despondingly of the wheat crop in the Genesee country, having learned "from an intelligent gentleman who has just passed through Ontario, Livingston and a part of Monroe counties, that all late sown wheat looks very badly and will not yield over some ten bushels to the acre. This partial failure is ascribed to winter-killing and the severe weather that occurred in the last half of the month of March. The wheat fly, called "weevil" is at work; and has alarmed many farmers. This insect is a new enemy in the valley of the Genesee and no one knows how far its ravages may extend."

Another account, the Buffalo Courier says:

From what we have been able to gather from the farmers of Genesee, Orleans, Niagara, and Wyoming, and from portions of Erie, Cattaraugus and Chautauque, we are led to believe that the wheat crop will be fully up to the average. The papers in those counties generally express that opinion.

Our fellow citizen, James Bradley, esq., has been appointed one of the associate justices of Nebraska territory. Mr. Bradley is a gentleman well qualified to discharge the duties of the office to which he has been appointed, and we are heartily glad that he has been fortunate in receiving the favor of this administration. On the subjects that now most agitate the political waters, Mr. B. is reliable, that is to say, he is fully committed against all Wilmot provisos, approves the fugitive slave law to the letter, and the repeal of the Missouri compromise, and don't object to the extension of slavery over all territory, wherever the people desire to be *blessed* with that domestic institution, at least so we have always understood him. He is not a new convert to these doctrines, and if the president wishes a judge for Nebraska, with these liberal democratic notions, we are confident that Mr. Bradley will "fill the bill."—*La Porte (Indiana) Whig.*

A Washington letter-writer intimates that the administration democrats of Vermont feel hurt at what they consider the neglect of the president. Their state, they say, voted heartily against him, and yet she is the only one of the four opposition states which has not been honored by the favorable notice of the executive. Massachusetts and Kentucky have each a representative in the cabinet, and a citizen of Tennessee holds the profitable and responsible position of printer to congress, to which he was elected in strict accordance with the wishes of the president. While Vermont, the only remaining one of four states which voted against him, has nothing. The complaint of Vermont seems reasonable—the more so as it cannot be doubted that the president might strengthen himself and the party as much by an important appointment from Vermont as he did by either of those named.—*Buff. Com. Adv.*

PENNSYLVANIA.—The Washington correspondent of the New York Express writes that "the prospect of a thorough whig victory in Pennsylvania, in October, increases daily. An experienced politician of superior advantages for acquiring information on this subject, has recently returned from a long visit to that state, and gives it as his opinion that the whig candidate for governor, Mr. Pollock, will beat Gov. Bigler, from 10,000 to 15,000 votes. He regards this result as inevitable, and the election of a large majority of the delegation to the next congress, by the whigs, as equally inevitable."

LOST BAGGAGE.—A decision was recently given in a New York court, of importance to hotel-keepers and travelers, relative to the liability of the former for lost baggage. The mooted question as to what constitutes the personal baggage of a traveler was entered into at length by the judge. Gold snuff-boxes and opera-glasses were excluded, while a bible and prayer book, and a gold letter seal, valued at fifteen dollars, were allowed. Judgment was rendered for the full amount of loss, excepting the snuff box and two opera glasses. The trunk was lost from a carriage belonging to the Metropolitan hotel, New York, Messrs. Leland, proprietors. The money in the trunk was decided to be at the risk of the owner.

We hear rumors of extensive damages in and about the neighborhood of Geneva lake occasioned by the waters of the lake breaking from their confinement and making a new channel of connection with Fox river. The rumors involve the tearing away of dams and mills both on the lake and river, and it is feared the lake will empty itself entirely. We get no particulars.—*Kenosha Telegraph, Monday.*

☞ The Racine County Democrat has been enlarged to a seven column paper.

NEW HAMPSHIRE.—When the Nebraska resolutions were under consideration, a motion to substitute resolutions in the house committing the whigs to their platform of 1852 was defeated.

The first resolution, declaring against the introduction of slavery into free territory, and the erection of any territory without its probibition, was adopted by 160 to 118.

The second resolution was passed by a vote of 155 to 119. It deprecated the repeal of the Missouri compromise.

The resolution approving of the course of Kittredge and Morrison, in voting against the Nebraska bill, in congress, passed by a vote of 156 to 110.

The resolution disapproving the course of senators Williams and Norris, and Hibbard of the house was also passed by a vote of 150 to 117.

The editor of the Philadelphia Courier says: "While at the 'Burning spring,' near Niagara, a few days ago, we were requested to enter the names of our party in the visitor's register, and, while complying observed that the registry had been suspended at about two-thirds down on the left hand page, and then cottinued at the top of the right. On seeking the cause, we found the last entry as follows:

'*Matt. F. Ward, Brothers and Servant.*'

Of course, that name had cast a blight upon the page forever; no honest man would add his name beneath that of the Cain-braided fugitive, but underneath was written, as by the hand of some recording angel, or crime-pursuing Nemesis—

'THE MURDERER!'"

The hard shells of New York hold their state convention on Wedpesday, the 12th inst., at Syracuse, to nominate a state ticket for governor, &c. The leaders are much puzzled to know what to say about the Nebraska bill. If it is introduced and voted on, it will shatter their party to fragments—for fully one half under the lead of Peckham, Wheeler and Bradly, are decided against it—while the other section under the lead of Cutting, Croswell and Walsh are as warmly for it. The N. Y. Herald advises them not to touch it at all—pass it over in silence. The Albany Argus and the Buffalo Courier insist upon an endorsement of it. We think that they will compromise, by approving of the principle of popular sovereignty so far as it is embraced in the bill, but at the same time not approving of the bill as it passed.—*Wis.*

YOUNG AMERICA OF THE FLASH SCHOOL.—In his lately published volume of lectures on "The Moral Aspects of City Life," Rev. E. H. Chapin says of Young America: "There are young men whose sole conception of enjoyment is concentrated in the word 'fast'—who grow fast, live fast, go fast on the tract to destruction with their own folly for a locomotive, and champagne and brandy for the steam power; converting themselves into liquor cases propping up doorposts, hanging over railings, and startling the dull ear of night with rickety melodies and war-whoops. There are others, half fop and half ruffian, who divide their time between the favorite racer and the pet pugilist, and whose idea of a millenium probably would be that of a protracted fourth of July."

GREAT EXCITEMENT IN GALENA.—Some person took it into his head to arrest several negroes (who have, as we understand it, long been residents of that place) under a law of Illinois designed to check black immigration to that state. Four blacks were arrested and taken before a magistrate but afterwards released on a writ of habeas corpus issued by Judge Sheldon. We think the act on the part of the getters up a very foolish thing.—*Dubuque Herald.*

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

THE DAILY GAZETTE.

☞ The Racine Advocate, of Monday, contains the following card:

Office of the R. J. and M. Railroad Co. }
Racine, Wis., July 8th, 1854. }

To the Stockholders and Public:

The directors of this company are happy in being able to announce, that in the failure of Messrs. R. & G. L. Schuyler, of New York city, who had contracted to furnish the rails and equipage for the road, we are involved in no loss whatever, except the possible delay of opening a portion of the line. No advances had been made to Messrs. Schuyler, and not a dollar of the securities of the company had been placed in their hands. The first division of the line from Racine to Fox river is ready to receive the rails. The grading, bridging, &c., of the whole line to Beloit, can now be completed in ninety days, and negotiations are already being made with new parties for the rails and rolling stock. The determination of the directors to have the first and a part of the second divisions of the line opened for business the coming fall, remains unchanged.

By order of the Board,
Henry S. Durand, President.

☞ Graham's Magazine comes late this month, but the delay is amply compensated by the contents of the number, which are of a high order. The principal engraving is a superb picture, and the illustrations are of no common merit.

Land Contracts for sale at this office.

BY TELEGRAPH!

[REPORTED FOR THE JANESVILLE GAZETTE.]

Washington, July 10.

Senate.—Bill for construction of telegraph to the Pacific was debated and postponed. Homestead bill taken up.

House.—Mr. Fuller moved that committee be discharged from further consideration of the bill for the construction of four revenue cutters and to increase the pay of the revenue corps. Motion lost.

New York, July 10.

Judge Bronson has been sick for some days.—The Harlem company have cautioned the public against negotiating the certificates of Albany extension stock which has been fraudulently issued by Robert Schuyler. Dr. Richard Schuyler has been obliged to suspend payment. He was a large negotiator of loans and discounts for Messrs. Schuyler, and his name appears as endorser of $700,000.

Eastport, July 10.

A large fire occurred at Lubec consuming 14 plaster mills, 2 stores, 1 dwelling house, and 2 vessels. Loss estimated at $10,000.

The Heat.—The Chicago Tribune gives an understandable illustration of the heat on Monday, the 3d inst.—the hot day:

A Dutchman was being driven down Clark street yesterday, in an open wagon, and apparently sweltering under the broiling sun. Espying a five cent piece on the side walk, he jumped from the wagon to get it, but the hot bricks made him so sensitive that he quickly regained his seat, and sung out to the boy—"Hans, drive on! Mine God, h——l *is not one mile from dish place!*"

Fishing to some Purpose.—Mr. T. Bovee, caught day before yesterday, in Fourth lake, four fine fat pickerel, the aggregate weight of which was 64 lbs. The largest weighed 22 lbs., and was served up to the guests of the Capitol house yesterday, "boiled, with egg sauce."—*Madison Argus, 8th.*

An Offset.—Those persons who raise their eyes in horror, at the enormity of the offense committed by Cassius M. Clay in speaking on the "Fourth of July," against human slavery and the encroachments of slave power, will doubtless experience much satisfaction in the knowledge that S. A. Douglas, the same day made a speech in Philadelphia, in favor of the Nebraska swindle and against human freedom. —*Chicago Journal.*

1854. PIXLEY & KIMBALL,

DEALERS IN

HARDWARE,

Wholesale & Retail,

SIGN OF THE SAW, MAIN STREET, JANESVILLE.

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware,
Bar Iron, Steel, Nails,
Stoves, &c.,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of

AMERICAN, ENGLISH REFINED & SWEDES IRON, CAST, GERMAN, ENGLISH & AMERICAN BLISTER, TOE CALK, SPRING, COM. & CAST PLOW STEEL, of all sizes.

Also to the almost endless variety of superior

Carpenter, Joiner, Cooper, Blacksmith, Wagon-making and Farming TOOLS,
House Trimmings,
Chain and Cistern Pumps, Lead Pipe,
Cut and Wrought Nails and Spikes,
Tin Ware, Tinner's Stock,
Brittania and Japanned Ware,
Table and Pocket Cutlery,
Shears, Scissors, Razors, &c.

Our stock of

Cook and Parlor Stoves

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in small lots, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

B. F. PIXLEY, [2] F. A. KIMBALL.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"*Sound the loud timbrel o'er land and o'er sea,*"
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exqusite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparrel.—

Eyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Allegheny mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Bed Pans for males or females, Pots for tea or chamber purposes, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till*
It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop,*
More in mock than mark."

HOLDEN, KEMP & Co.
The Empire Drug Warehouse.

WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,
GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order,and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.

Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

WARRANTY DEEDS for sale at this office.

THE HIGH PRICES OF FOOD.—A respected correspondent inquires as to what causes the high prices of provisions, which, as he says, now occasion a great deal of suffering among those who work for their living in this city and other large towns, and who would be glad to have that living such as every honest and industrious laborer is fairly entitled to. Our correspondent inquires whether the present high prices are not owing to the fact that speculators bought up all the provisions last fall and winter? Very likely they did this—but so it will be every fall and winter, and we see no reason why men should not gamble with flour, or potatoes, or butter, for stakes as well as fancy stocks in Wall-st. The law of demand and supply must rule the prices of food as well as of other things. If more provisions were produced, the prices would be less, and there would be more difficulty in buying up and controlling the market. We have too many consumers for the producers, and we hope the difficulty of getting food will drive some thousands of them to the country to cultivate the millions of waste, rich acres, and grow their own provisions, and then they will have no occasion to grumble at high prices.

Our correspondent further inquires if the banks do not aid and encourage these provision speculators by loans upon long time? That is possible enough; but on the other hand, do not farmers encourage the banks by putting their money in their stocks instead of putting it in improvements on their farms so as to make more produce at less prices and better profits than they do now? What if all the farm produce we eat were grown by the use of the hoe alone, as many crops are in South Carolina and the lower part of Georgia? Would it not be even higher than it now is, with all the aid of banks and speculator's prices? And are not northern farmers generally, taking into view their superior opportunities, just as far behind the times in their modes of producing crops as the southern negro with his hoe? Why, if all the cultivated land in the United States were plowed on an average twelve inches deep instead of three inches or less as it is now, the produce of the country would be more than doubled without adding ten per cent. to the cost? And in that case, it is not too much to say that speculators would find better employment for their own, or their borrowed capital, than in buying up crops of grain, fruit, butter, cheese or meal, to peddle out to the poor unfortunates who work and starve in cities.

The evil complained of is not in the banks which furnish the money. It is much more the fault of the farmer who withdraws his capital to invest in bank stock or on bond and mortgage, and perhaps takes his own and his son's labor from the field to engage in trade or in the very speculation that our correspondent complains of. This consideration leads us to the remedy for this great evil suffered by all the working-class of towns and cities; grinding them down to a bare subsistence and weighing like an incubus on their hope for the future. All their efforts to increase their wages do no good—they live no better now than they did when they worked for just one-half what they get now; and thousands are in the same condition and do not know how to rid themselves of this curse of constant toil for a mere subsistence—for slave's wages. For the difficulty we repeat the old prescription. Quit the city. Go to tilling the soil. Be producers of food instead of consumers. Do not become like nine-tenths of the farmers in this country, mere land-drones; sometimes dogs in the manger, that get possession of land which they will neither cultivate themselves nor let anybody else cultivate. If you are too poor to buy land, you are not too poor to vote for men who will pass the homestead bill, and open the Great West to the hands of all who will give their labor to its soil and build homes on its rich prairies and swelling bluffs. You can vote too, for men who will shut up the hundreds of thousands of pauper manufactories in the country, which tax you twice as much as all the banks and speculators and high prices put together.—It is crime, and not speculation, that robs you and keeps you poor. It is for you to work out the great change that will bring you a proper reward for your labor, by your hands and your votes. But don't vote like a slave to your party any longer, and then you will not cry out against speculation nor think that bank loans are the cause of the high prices of provisions.—*N. Y. Tribune.*

IS IT PAINFUL TO DIE?—According to my observations the mere act of dying is seldom, in any sense of the word, a very painful process. It is true that some persons die in a state of bodily torture as in cases of tetanus; that the drunkard, dying of delirium tremens, is haunted by terrific visions; and that the victims of that most horrible of all diseases, hydrophobia, in addition to those peculiar bodily sufferings from which the disease has derived its name, may be in a state of terror from the supposed presence of frightful objects, which are presented to him as realities, even to the last. But these, and some other instances which I might adduce, are exceptions to the general rule—which is, that both mental and bodily suffering terminate long before the scene is finally closed. Then, as to the actual fear of death, it seems to me that the author of our existence, for the most part, gives it to us when it is intended that we should live, and takes it from us when it is intended that we should die. Those who have been long tormented by bodily pain are generally as anxious to die as they ever were to live. So it is often with those whose life has been protracted to an extreme old age, beyond the usual period of mortality, even when they labor under no actual disease.—*Psychological Inquiries.*

ROCK ISLAND ROAD.—If anything were wanting to show the immense travel through Chicago both to and from the great and fertile country west of us, the following statement of the earnings of a single one of our Illinois railroads leading west from Chicago, would be all sufficient. Just think of it! upwards of $2200 in cash *daily* from passengers alone, and nearly $2,000 *per day* for freight, with a canal and other railroads almost parallel alongside of this road. The following is the statement of the Chicago and Rock Island railroad earnings for June, 1854:

From passengers,	$68,508,49
Freight and mails,	44,500,00
Total,	$113,008,49
" for May,	109,289,20
Increase,	$3,719,29

And yet this road has not been able to do all the freighting business that has been offered.—*Chicago Tribune.*

PETTIT.—The new democratic apostle, who scouts the declaration of independence as a *lie*, is thus spoken of by Mr. Benton, in a recent letter to a citizen of Indiana:

"Sir, your senator (Pettit) is a great liar and a dirty dog, falsifying public history for a criminal purpose."

This is more expressive than elegant, certainly, but it may nevertheless be true. If Pettit's character be properly delineated by Benton, we do not see why he should quarrel with the declaration of independence, even if his estimate of it should be the right one.—*Chicago Tribune.*

The Daily Gazette.

WEDNESDAY MORNING, JULY 12, 1854.

Home Interests.

For a long time past, the great and absorbing interest in the minds of the citizens of this place has been *railroads;* and it may well be questioned whether there are not other interests, really of equal importance, which have been too much lost sight of, too much superceded by this one. No better natural advantages for a large mechanical and manufacturing business can be found anywhere than at this place. We have several manufacturing establishments, and a number of mechanics and machinists, that are doing a fine business, but our natural facilities can by no means be said to be developed. The hydraulic power of Rock river has scarcely begun to be occupied. For a mile or two, or three, within the limits of this city, its banks might be lined with mills and factories, and yet this power be unexhausted. We are yet importing a thousand articles of domestic and agricultural use which ought to be manufactured here, sending money abroad to pay for them, which ought to be used here in making us more independent of foreign manufactures. Who thinks railroads would not find their way to us without many extra inducements, if this power was more fully occupied and these articles more extensively manufactured?

Then there are our schools. Have we any reason to be over proud of the exertions we have put forth in this direction? It is true we have had and have now, some excellent schools. But they have thus far been sustained by the perseverance of teachers, aided and encouarged by only a few individuals, in spite of the disheartening apathy of a majority of our citizens upon this subject. Our school houses are too small and too few to accommodate the great number of pupils registered upon the school list. We have an excellent superintendent and enjoy a most munificent public fund to support schools, yet a want of proper interest and harmony of feeling and action upon the subject, by our citizens, deprives us of the advantages we ought to reap from the services of the one and the use of the other. We have no comparisons to make with other towns, but when we are asked "what are the educational advantages of your city," candor and truth impel us to answer, "not what they should be." Is this state of things necessary? By no means. Let us turn our attention to this truly important subject at once. It is of vast consequence to us. It is an investment of effort that will pay—and as for means, we are expending enough every year, if it were done under a proper system, to endow and support the best of schools and plenty of them. How much longer shall these means be misapplied through want of system and concert of action. We trust not long.

Nobody can find fault as a general thing, with the manner in which our hotels are kept. Their character stands well in comparison with any others. But though well provided with room and accommodations, how inadequate have they been to meet the rush of travel that has centered here this season. People enough have been turned away, or sent to private houses, to say nothing of those who knowing the difficulty of obtaining comfortable quarters have been diverted to other points, to abundantly support a first class hotel. Property holders would make money to *give* the stock to some responsible company that would enter into bonds to build, furnish and maintain such a hotel. Would it not be well that some of our superfluous anxiety about railroads be expended upon this subject? That while we are so busy in devising facilities for people to come here, we look a little further and provide accommodations for them when arrived? Will you think of these things, and may we not further ask, will you act upon them?

MICHIGAN.—The anti-Nebraska convention which met at Jackson a few days since is said to have been very fully attended and made the following nominations. For governor, Kingsley S. Bingham; lieutenant governor, Geo. A. Coe; secretary of state, John McKinney; treasurer Silas M. Holmes; attorney general, Jacob M. Howard; auditor general, Whitney Jones; land commissioner, Seymour B. Treadwell; Superintendent public instruction, Ira Mayhew; board of education, John R. Kellogg—to fill vacancy Hiram L. Miller.

☞ A typographical blunder that carries its character on its face, or affords an intelligent reader a chance to make his own correction, we usually let take its run. But occasionally one occurs that requires a formal notice, and such a one will be found in the advertisement of Mrs. La Dow yesterday. If the reader will call *crayolithic* painting what is there named "chrysolithic," he will be much nearer right than the types were when they gave so bad a misnomer to a new style of a really desirable art.

☞ Thomas Shea, Edward Fitzgerald, Ellen Fitzgerald and William Neil, are undergoing examination as witnesses before a jury of inquest in the murder case of Connor.

CONNECTICUT.—The legislature of Connecticut adjourned *sine die*, on Saturday morning, 1st, after a session of nearly two months—during which time two United States senators, a chief justice and judge of the superior court of the state have been elected, numerous other inferior offices filled, banks chartered, a Maine law passed; above all, Connecticut has spoken in a loud and indignant tone against the perpetration of the Nebraska iniquity. A bill to repeal the act allowing temporary residents in Connecticut to retain their slaves, was rejected by the house of representatives on Friday, by a vote of 68 to 99. The same body passed the bill to repeal the act allowing theatrical exhibitions, which had previously passed the senate, by a vote of 129 to 64. Also the bill prohibiting the use of the prisons of the state, for confinement of fugitive slaves, by a vote of 70 to 63.

☞ The intimate conection of the Messrs Schuyler of New York with several Wisconsin and other western railroads gives any information concerning them or their financial operations peculiar interest to our readers, and hence we have published such facts as we have found credibly reported. To what we have already given we add the following from the New York Evening Post:

THE SCHUYLER FAILURE.—The fraud committed by Robert Schuyler continues to be the great topic of conversation. There is reason to believe that he is now in Canada. The last that was seen of him was on Tuesday morning, the 4th of July, at his residence in Twenty-second street, when his brother-in-law, Mr. Bowdoin, left him. He has been heard of since at Saratoga, in the cars bound for Burlington, Vermont, there he doubtless designed to take the steamer for Canada. At the board of Brothers to-day, it was announced that he was in Canada. The day before he left, on the 3d of July, he and his brother executed an assignment of all the property belonging to the firm, as well as his individual property, to Messrs. Bowdoin & Barlow, attorneys at number 95 Merchant's Exchange.

The assignment, we have been informed by Mr. Bowdoin, is made for the benefit of all the creditors without preference, and the assignees have taken possesion of the property, and will as soon as possible make a public report on the condition of the estate, its liabilities and assets.

George L. Schuyler has not seen his brother since Monday, and says "he never expects to see him again." He says, also, that he is not aware of the firm being benefitted in any way by the large sums arising out of the hypothecation of the spurious stock.

In consequence of the assignment of all his property, George L. Schuyler has resigned the presidency of the Harlem Railroad company; in consequence of which the directors of which have been called together, and are now in session at Nelson Robinson's office in Wall street. They intend, we learn, for general satisfaction, though no suspicion attaches to any misdoings in the Harlem company, in which Robert Schuyler has had no power for the past year, to make a thorough examination into its affairs, and to report the result

One of the many incidents publicly mentioned in connection with this gigantic fraud is that Cornelius Vanderbilt had an interview with Robert Schuyler subsequently to the announcement of the failure—offered him at once a check for $150,000, and tendered further assistance to the extent of even three millions, if necessary, and would carry the New Haven and Harlem stocks at par, if Robert Schuyler would only assure him that "all was right." To this Robert Schuyler made no other reply than shaking his head. No such assurance could be given. The enormity of this crime, committed by an old member of one of the most aristocratic families, and the grandson of Gen'l Schuyler of the revolution, has produced a shock in financial circles from which the country will not soon recover.

As a matter of course, since the discovery of this great fraud, everything pertaining to the past history of Robert Schuyler is seized upon with great avidity. The matter of his secret marriage is much discussed. This was unknown to a majority of people until since the failure.—Mr. Schuyler had been living as a bachelor, and was supposed to be a bachelor until a few months since, it was discovered that he had been privately married many years previous, and had a family of children, one or two of whom had grown up and got married. They had gone under the name Spicer. Mr. Schuyler's explanation was that he saw a pretty girl with whom he fell in love; she was poor and he knew his family would object to the match; so he married her privately, and had never divulged the secret.

The amount of New York and New Haven railroad stock illegally issued by Robert Schuyler is reported by a committee of the directors at about 20,000 shares, of a cash value *of two millions of dollars.* He is also said to have applied to his own use $300,000 received from the sale of the bonds of the Harlem railroad. The exact extent to which he has involved the western roads with which the firm of Schuyler & Co. was connected cannot yet be told. We are glad to learn that three of them, the Lake Shore, the Racine, and the Milwaukee and Watertown, will not suffer materially.

A SIGNIFICANT MOVEMENT.—The call for an anti-Nebraska state convention in New York, noticed yesterday, is one of the most significant movements of the day. It is issued over the names of such men as Moses H. Grinnell, A. C. Flagg, W. C. Bryant, Minthorn Tompkins, John A. and Charles King, Joseph and G. W. Blunt, David Lord, H. Ward Beecher, and others equally well known, who have been prominent for years in the different parties existing in the country. It is also endorsed by leading members of all the old political organisations.

The objects avowed in the call are:

For the protection of the free states from southern aggression and northern treachery;

For the recovery of the rights of the free states as an integral part of the Union; and

For the rescue of the general government from the control of the slave power.

As a means of accomplishing these objects, the following topics are suggested for the consideration of the convention:

First. The propriety of convening a congress of delegates from all the free states and territories, and from such portions of the slave states as sympathize with the objects proposed for consideration in the general call of this convention.

Second. The necessity of thorough preparation for the fall elections, that none may be sent to the congress of the United States, except those who can be relied on for a firm and unflinching opposition to the designs and encroachments of the slave representation.

Third. The best method of permanently restricting the institution of slavery to the limits prescribed by the Missouri compromise, and the absolute and complete release of the people of the free states from any participation in or responsibility for its longer existence:

This call contemplates a thorough *fusion* of parties for a specific purpose, and has the sanction of names that will give it significance and importance throughout the Union. It is not liable to the objection and little subject to the hazards of a mere coalition of two or more parties in the minority against a dominant party; but involves, if successful,—and the auspices and circumstances under which it is ushered into being seems an absolute warrantee of success,—a subversion of all old organisations, and the re-construction of portions at least of each into a powerful and triumphant party. Such a movement in New York will be likely to be followed in other free states; then comes counter combinations in the slave states, and the "agitation" so wantonly and needlessly renewed by the south will convulse the country beyond anything yet known in its history. The conservative feeling of the north may deplore and would willingly decline such a contest, but it cannot evade the issue, and ought not if it could. The battle, once begun, must be fought till defeat or victory closes the contest.

THE REPULSE AT SILISTRIA.—The Journal de Constantinople gives the following account of an attack made by the Russians on the south-west outworks of Silistria, and their disastrous defeat. The Turks fought like fiends:

Three storming corps of 10,000 men each, formed with a battalion of engineer sappers, with fascines and scaling ladders, at their head. Before the men set to work they were addressed by prince Paskiewitsch, who urged them to exertion, "as, if they did not succeed in taking the fortress, he should be obliged to keep back their rations." After this encouragement two of the corps proceeded toward the fort of Arab Tabinand Yelanli; the third corps was to act as a reserve.

After a terrific cannonade the storming parties advanced, but were received by the Turks with such a well directed fire that for a time they made but little progress. The Russians, however, fought bravely, and having managed to scale the breastwork of one of the batteries, a regular hand-to-hand fight took place. At last the Turks were victorious, and the unfortunate besiegers were knocked into the ditches with the butt-ends of the Turkish muskets. The Russians had evidently lost courage, and when they returned to the attack, it was only because they were forced to do so by the officers.

When there was literally no more fight in the men, a retreat was sounded, and the Russians carried off as many of their dead and wounded as they could. The Turks, after their enemies had retired, picked up 1,500 dead bodies, a great number of guns, swords, drums, musical instruments, and the colors of a battalion.

General Dannenburgh has succeeded to the chief command of the Russians forces of the Danube, in consequence of the wounds received by the general in command.

General Lucers had his jaw carried away by a cannon ball.

WHEAT IN THE GENESEE COUNTRY.—The Rochester American speaks somewhat despondingly of the wheat crop in the Genesee country, having learned "from an intelligent gentleman who has just passed through Ontario, Livingston and a part of Monroe counties, that all late sown wheat looks very badly and will not yield over some ten bushels to the acre. This partial failure is ascribed to winter-killing and the severe weather that occurred in the last half of the month of March. The wheat fly, called "weevil" is at work; and has alarmed many farmers. This insect is a new enemy in the valley of the Genesee and no one knows how far its ravages may extend."

Another account, the Buffalo Courier says:

From what we have been able to gather from the farmers of Genesee, Orleans, Niagara, and Wyoming, and from portions of Erie, Cattaraugus and Chautauque, we are led to believe that the wheat crop will be fully up to the average. The papers in those counties generally express that opinion.

Our fellow citizen, James Bradley, esq., has been appointed one of the associate justices of Nebraska territory. Mr. Bradley is a gentleman well qualified to discharge the duties of the office to which he has been appointed, and we are heartily glad that he has been fortunate in receiving the favor of this administration. On the subjects that now most agitate the political waters, Mr. B. is reliable, that is to say, he is fully committed against all Wilmot provisos, approves the fugitive slave law to the letter, and the repeal of the Missouri compromise, and don't object to the extension of slavery over all territory, wherever the people desire to be *blessed* with that domestic institution, at least so we have always understood him. He is not a new convert to these doctrines, and if the president wishes a judge for Nebraska, with these liberal democratic notions, we are confident that Mr. Bradley will "fill the bill."—*La Porte (Indiana) Whig.*

A Washington letter-writer intimates that the administration democrats of Vermont feel hurt at what they consider the neglect of the president. Their state, they say, voted heartily against him, and yet she is the only one of the four opposition states which has not been honored by the favorable notice of the executive. Massachusetts and Kentucky have each a representative in the cabinet, and a citizen of Tennessee holds the profitable and responsible position of printer to congress, to which he was elected in strict accordance with the wishes of the president. While Vermont, the only remaining one of four states which voted against him, has nothing. The complaint of Vermont seems reasonable—the more so as it cannot be doubted that the president might strengthen himself and the party as much by an important appointment from Vermont as he did by either of those named.—*Buff. Com. Adv.*

PENNSYLVANIA.—The Washington correspondent of the New York Express writes that "the prospect of a thorough whig victory in Pennsylvania, in October, increases daily. An experienced politician of superior advantages for acquiring information on this subject, has recently returned from a long visit to that state, and gives it as his opinion that the whig candidate for governor, Mr. Pollock, will beat Gov. Bigler, from 10,000 to 15,000 votes. He regards this result as inevitable, and the election of a large majority of the delegation to the next congress, by the whigs, as equally inevitable."

LOST BAGGAGE.—A decision was recently given in a New York court, of importance to hotel-keepers and travelers, relative to the liability of the former for lost baggage. The mooted question as to what constitutes the personal baggage of a traveler was entered into at length by the judge. Gold snuff-boxes and opera-glasses were excluded, while a bible and prayer book, and a gold letter seal, valued at fifteen dollars, were allowed. Judgment was rendered for the full amount of loss, excepting the snuff box and two opera glasses. The trunk was lost from a carriage belonging to the Metropolitan hotel, New York, Messrs. Leland, proprietors. The money in the trunk was decided to be at the risk of the owner.

We hear rumors of extensive damages in and about the neighborhood of Geneva lake occasioned by the waters of the lake breaking from their confinement and making a new channel of connection with Fox river. The rumors involve the tearing away of dams and mills both on the lake and river, and it is feared the lake will empty itself entirely. We get no particulars.—*Kenosha Telegraph, Monday.*

☞ The Racine County Democrat has been enlarged to a seven column paper.

NEW HAMPSHIRE.—When the Nebraska resolutions were under consideration, a motion to substitute resolutions in the house committing the whigs to their platform of 1852 was defeated.

The first resolution, declaring against the introduction of slavery into free territory, and the erection of any territory without its probibition, was adopted by 160 to 118.

The second resolution was passed by a vote of 155 to 119. It deprecated the repeal of the Missouri compromise.

The resolution approving of the course of Kittredge and Morrison, in voting against the Nebraska bill, in congress, passed by a vote of 156 to 110.

The resolution disapproving the course of senators Williams and Norris, and Hibbard of the house was also passed by a vote of 150 to 117.

The editor of the Philadelphia Courier says: "While at the 'Burning spring,' near Niagara, a few days ago, we were requested to enter the names of our party in the visitor's register, and, while complying observed that the registry had been suspended at about two-thirds down on the left hand page, and then cottinued at the top of the right. On seeking the cause, we found the last entry as follows:

'*Matt. F. Ward, Brothers and Servant.*'

Of course, that name had cast a blight upon the page forever; no honest man would add his name beneath that of the Cain-braided fugitive, but underneath was written, as by the hand of some recording angel, or crime-pursuing Nemesis—

'THE MURDERER!'"

The hard shells of New York hold their state convention on Wednesday, the 12th inst., at Syracuse, to nominate a state ticket for governor, &c. The leaders are much puzzled to know what to say about the Nebraska bill. If it is introduced and voted on, it will shatter their party to fragments—for fully one half under the lead of Peckham, Wheeler and Bradly, are decided against it—while the other section under the lead of Cutting, Croswell and Walsh are as warmly for it. The N. Y. Herald advises them not to touch it at all—pass it over in silence. The Albany Argus and the Buffalo Courier insist upon an endorsement of it. We think that they will compromise, by approving of the principle of popular sovereignty so far as it is embraced in the bill, but at the same time not approving of the bill as it passed.—*Wis.*

YOUNG AMERICA OF THE FLASH SCHOOL.—In his lately published volume of lectures on "The Moral Aspects of City Life," Rev. E. H. Chapin says of Young America: "There are young men whose sole conception of enjoyment is concentrated in the word 'fast'—who grow fast, live fast, go fast on the tract to destruction with their own folly for a locomotive, and champagne and brandy for the steam power; converting themselves into liquor casks propping up door-posts, hanging over railings, and startling the dull ear of night with rickety melodies and war-whoops. There are others, half fop and half ruffian, who divide their time between the favorite racer and the pet pugilist, and whose idea of a millenium probably would be that of a protracted fourth of July."

GREAT EXCITEMENT IN GALENA.—Some person took it into his head to arrest several negroes (who have, as we understand it, long been residents of that place) under a law of Illinois designed to check black immigration to that state. Four blacks were arrested and taken before a magistrate but afterwards released on a writ of habeas corpus issued by Judge Sheldon. We think the act on the part of the getters up a very foolish thing.—*Dubuque Herald.*

THE undersigned offers at private sale SIX HUNDRED VILLAGE LOTS, situated in "Hickory Glen" and "Pixley & Shaw's" additions to Janesville, and located in the immediate vicinity of the Milwaukee and Mississippi railroad depot, in the city of Janesville.

The above property is offered at very low rates, and on the most favorable terms, particularly to those who wish to make immediate improvements on purchases.

Also, 1,000 Acres of the *Best Improved Farming Lands,* situated within a few miles of the city, which will be sold in lots to suit purchasers, from 40 to 320 acres.

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of
PULVERMACHER'S
Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES
Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.
HISTORY.
Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.
THE WORLD IS CHALLENGED
to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.
Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.
All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.
The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.
CAUTION.
Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.
Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,

CIRCUIT COURT, ROCK COUNTY—IN EQUITY.

DEEDS and MORTGAGES for sale at this Office.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.
Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.
IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.
Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.
HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

EMPIRE CASH STORE!

The Cheapest Store in the County.

THE LARGEST, Most General and Best Selected Stock of MERCHANDISE ever introduced to the people of Rock and the adjoining counties is now received at the EMPIRE CASH STORE. A Stock larger than any Two Stores in Janesville to be Sold for CASH, at prices that all can see are at least 25 per cent lower than the PRETNDED CASH STORES SELL FOR.

We mean what we say exactly: We can sell you

MORE GOODS

FOR THE

Least amount of Money

Than any other Store in the county. For this reason we sell more Goods than any two Stores in Janesville, and this year we intend to sell more than any three, consequently, we can sell just one-third cheaper, as our expenses are no more by selling so much than they would be did we not sell any more than our neighbors.

Reduce The Price and Increase the Speed

Is the order of the day; and in order to do so, we have purchased this spring larger than ever, and intend to sell at prices to astonish everybody.

We buy Goods to SELL, and intend everybody shall understand this by our prices. We have purchased every thing by the Cord in the way of Merchandise. Our Stock embraces every thing in the Goods line, kept in such a store as ours only, commencing with

DRY GOODS, GROCERIES,

CROCKERY, HARDWARE in connection with a general STOVE TRADE.

READY-MADE CLOTHING,

BOOTS and SHOES, HATS, BONNETS, RIBBONS and CAPS, &c. &c.

To enumerate which would be impossible, (any one seeing our stock will be satisfied of that).

All we have to say is we have JUST WHAT YOU WANT, AT PRICES TO SUIT YOU, a fact which all can see by calling at the *EMPIRE CASH STORE.*

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat;
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.
IRA P. BALLOU.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure aud give me a call.

IRA P. BALLOU.

THE DAILY GAZETTE.

☞ The Racine Advocate, of Monday, contains the following card:

Office of the R. J. and M. Railroad Co. }
Racine, Wis., July 8th, 1854. }

To the Stockholders and Public:

The directors of this company are happy in being able to announce, that in the failure of Messrs. R. & G. L. Schuyler, of New York city, who had contracted to furnish the rails and equipage for the road, we are involved in no loss whatever, except the possible delay of opening a portion of the line. No advances had been made to Messrs. Schuyler, and not a dollar of the securities of the company had been placed in their hands. The first division of the line from Racine to Fox river is ready to receive the rails. The grading, bridging, &c., of the whole line to Beloit, can now be completed in ninety days, and negotiations are already being made with new parties for the rails and rolling stock. The determination of the directors to have the first and a part of the second divisions of the line opened for business the coming fall, remains unchanged.

By order of the Board,
Henry S. Durand, President.

☞ Graham's Magazine comes late this month, but the delay is amply compensated by the contents of the number, which are of a high order. The principal engraving is a superb picture, and the illustrations are of no common merit.

Eighth Judicial Circuit.—A democratic convention to nominate a judge for this new circuit is to be held on the first day of August, at Hudson. The election takes place on the 4th Monday of September. The circuit is composed of the counties of St. Croix, Polk, Pierce, Chippewa, La Pointe and Douglass.

Suspension.—The work upon the Mineral Point railroad is said to be suspended in consequence of the failure of the Messrs. Schuyler.

BY TELEGRAPH!

[REPORTED FOR THE JANESVILLE GAZETTE.]

Washington, July 10.

Senate.—Bill for construction of telegraph to the Pacific was debated and postponed. Homestead bill taken up.

House.—Mr. Fuller moved that committee be discharged from further consideration of the bill for the construction of four revenue cutters and to increase the pay of the revenue corps. Motion lost.

New York, July 10.

Judge Bronson has been sick for some days.—The Harlem company have cautioned the public against negotiating the certificates of Albany extension stock which has been fraudulently issued by Robert Schuyler. Dr. Richard Schuyler has been obliged to suspend payment. He was a large negotiator of loans and discounts for Messrs. Schuyler, and his name appears as endorser of $700,000.

Eastport, July 10.

A large fire occurred at Lubec consuming 14 plaster mills, 2 stores, 1 dwelling house, and 2 vessels. Loss estimated at $10,000.

The Heat.—The Chicago Tribune gives an understandable illustration of the heat on Monday, the 3d inst.—the hot day:

A Dutchman was being driven down Clark street yesterday, in an open wagon, and apparently sweltering under the broiling sun. Espying a five cent piece on the side walk, he jumped from the wagon to get it, but the hot bricks made him so sensitive that he quickly regained his seat, and sung out to the boy—"Hans, drive on! Mine God, h——l *is not one mile from dish place!*"

Fishing to some Purpose.—Mr. T. Bovee, caught day before yesterday, in Fourth lake, four fine fat pickerel, the aggregate weight of which was 64 lbs. The largest weighed 22 lbs., and was served up to the guests of the Capitol house yesterday, "boiled, with egg sauce."—*Madison Argus, 8th.*

An Offset.—Those persons who raise their eyes in horror, at the enormity of the offense committed by Cassius M. Clay in speaking on the "Fourth of July," against human slavery and the encroachments of slave power, will doubtless experience much satisfaction in the knowledge that S. A. Douglas, the same day made a speech in Philadelphia, in favor of the Nebraska swindle and against human freedom. —*Chicago Journal.*

The attention of the Ladies is particularly directed to these Goods.

We buy our goods wholly for cash, and shall sell them for the same, and no other way; and consequently those that buy and sell on a credit of a year, eighteen months or two years, as the case may be, cannot sell goods at our prices.—THAT'S SO! For the proof of our assertion, call and examine our goods and prices.

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of
AMERICAN, ENGLISH REFINED & SWEDES IRON,
CAST, GERMAN, ENGLISH & AMERICAN BLISTER,
TOE CALK, SPRING, COM. & CAST PLOW STEEL, of all sizes.

Our stock of

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in small lots, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparrel.—
Eyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots.
LADIES MOROCCO POLKAS,
And all the articles manufactured of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Bed Pans for males or females, Pots for tea or chamber purposes, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'errun the stew,"

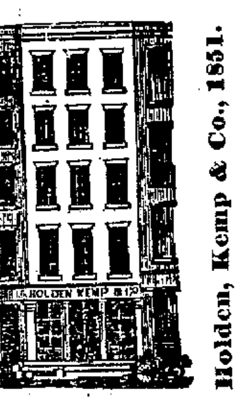

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop, More in mock than mark."

HOLDEN, KEMP & Co.
The Empire Drug Warehouse,
WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the
WHOLESALE AND RETAIL DRUG BUSINESS
here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for Every Farmer in Rock County, as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of Eastern Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.

Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

Some poetaster of a husband, not having the fear of Lucy Stone before his eyes, and not harboring a doubt but that woman's mission is circumscribed to the circle of home, in some sweet hour of domestic abandon has perpetrated the following:

To My Wife.

In the morning when you rise,
Kiss your husband—wash your eyes;
Be as happy all the day,
As the singing birds in May.

Never let your sense of quiet
Be disturbed by any riot;
Always keep an equal mind—
Fling your sorrows to the wind.

In the evening after tea,
Sing a song and merry be;
Gather up the little "buds,"
And lay aside their little "duds."

Teach their little hearts to pray,
At the gentle close of day;
Then, happy that you ever wed,
Say your prayers and go to bed.

Western Scenery.

No one who has any sense of the grand and the beautiful, can view the scenery of the west without emotion. Everything is on a scale so magnificent, that the mind is almost overwhelmed in astonishment, and man feels his insignificance. Take one of the vast prairies in Illinois, for instance. Take your seat in a railroad car, and you will soon find yourself moving as with the wings of the wind across one of these level plains, where there is not a tree or a shrub to intercept the vision, but one vast extension, one boundless region of space, where the eye is lost, as it were, in vacuity: and where the horizon shuts down upon the plain, and the sun in his coming appears to emerge directly from the earth, and in his going down, to sink into that vast abyss of extension, which limits the distant west. On these vast prairies, levelled and spread out by the forming hand of Him, "who causeth the grass to grow for cattle, and herbs for the service of man," you will frequently see herds of cattle grazing at a distance of a mile or two from each other, as far as the eye can reach, apparently diminishing in size from their distance, until the animals dwindle into pigmies, and at last into mere specks upon the blue of this ocean plain.

After traveling for an hour or two over these placid oceans of land, you are brought by the chariot of fire into a rolling country, presenting to the eye a surface like that of the ocean, when the winds have disturbed its tranquil bosom, and its proud waves are swelling in solemn grandeur. These rolling prairies are frequently studded with glades of wood, generally called "oak openings," which contribute greatly to the beauty of the scene. Every one who has been born and brought up in New England, will be filled with a sort of amazement as he gazes for the first time upon these boundless fields. Such visions, for they hardly seem to be realities, serve to expand our views, liberalize our feelings, and turn our thoughts in solemn meditation to him who laid the foundations of the earth, and spread out its plains on a scale so grand and magnificent. And when on the other hand, we look upon the great lakes, those beautiful inland seas, whitened by the sails of commerce, or darkened by the streaming cloud which marks the path of the steamer, we almost fancy that to atone for the restraining decree, that great Being who holds the water in the hollow of his hand, has permitted old ocean to break out from his dark and deep caverns, and appropriate to himself vast regions in the centre of the continent.

But the scenery which combines the sublime and beautiful the most perfectly, is found on the banks of the great rivers of the west. The upper Mississippi presents to the eye of the traveler a scene of unsurpassed beauty, spread out on nature's broadest, grandest scale. The majestic river, from one to three miles in width, flowing in placid serenity, for hundreds of miles, without any perceptible variation of its size, is of itself no ordinary spectacle. But when it is viewed in connection with the numerous small islands found within its banks, and the vast fields and towering cliffs, which spread out in gentle beauty from its shores, or look down in awful majesty upon its watery bed, it presents to the beholder a scene indescribably grand and picturesque. On some parts of the river the beautiful preponderates over the grand, and though it melts into the gentle never degenerates into the tame; while in other portions the bold rises into grandeur, till it approaches the borders of the terrific, when it softens into beauty, and fills the bosom with emotions of the sublime, chastened by the elegant, and subdued by the lovely. It is impossible for us to portray the grandeur of this scenery, or to give a just conception of the combined beauty and majesty which the banks of this noble river for several hundred miles present.

Geometry may calculate the height of the cliffs, geology may speculate upon the age and character of the strata, and mineralogy may tell of the qualities of the materials found within their bosom, but no science can reveal, no art can paint the bold and the gentle, the sublime and the beautiful, which are here spread out in all their variety, and which blend in such perfect harmony, that,

"As they still succeed they ravish still."

Were we resolved to impress the reader with the most lively image of this enchanting scenery, we would place him in a boat anchored in the Mississippi, at a point where the river runs near the base of these towering bluffs. Facing the shore, you would behold a little to the right, a bold bluff, elevated 4 or 500 feet above the bed of the river, whose summit is about the same distance laterally from the shore. The upper portion being of stratified lime stone, cut vertically as well as horizontally by seams, the front has fallen by disintegration, so as to present a perpendicular wall of some 50 or 100 feet, giving a lively representation of an old castle, standing out as if to command the passage of the river. The material which has crumbled and fallen from the front, has laid down gently towards the river, so as to leave a slope of about 45 degrees, extending nearly to the water's edge.

Some 40 or 50 rods to the left the eye rests upon another bluff of the same height and character; with perhaps this difference, the one seems to present its end, the other its side to the shore; the former showing a front of ten rods, the latter of two hundred. Between these majestic swells lies before you a valley as if scooped out by art, extending back from one to five hundred rods, with a gradual ascent till it reaches the height of the surrounping bluffs.—This beautiful configuration of bluffs and intervening valley is rendered perfectly enchanting by the fact that there is not a bush or a shrub to be seen on hill or dale, but the entire surface is covered by a rich carpet of the most beautiful green, the grass covering the entire surface of the vale and the hill sides, up to the very margin of these castle walls; and the whole is studded over with isolated trees, from one to two rods apart, so as to give it the appearance of the work of art. As you gaze upon this magnificent spectacle, you would flatter yourself that you are viewing some nobleman's park, where he had expended his hundreds of thousands to prepare and decorate the grounds to please the eye or gratify the taste. With the sun declining, so as to cast his rays down one of these beautiful hill-sides, parallel with the surface of the ground, enriching the verdure and lighting up a smile about the trunks of the trees, while their rich and heavy foliage is waving in the breeze above, you have one of the most enchanting views that nature in her munificence can yield,—a view whose beauties defy the art of the poet or the painter.

This with but little variation is a faint representation of the scenery for more than a hundred miles. It has all the appearance of cultivation, when in fact there is no inhabitant in the region.—*Boston Atlas.*

A Frightened Wife.—The Cincinnati Enquirer relates a funny piece of hair dyeing business, in which the principal participant was a Clevelander.

A few days since a benedict, whose silvery hair proclaimed him on the wrong side of fifty, came to Cincinnati. Being a man of taste as well as means, he made the —— house his residence. The morning after his arrival he visited the magnificent saloon of our friend A—— F——, who observing that his customer's hair and whiskers wore a very wintry appearance, suggested the propriety of getting them dyed. Now our hero not being addicted to vanity, at first objected, but A——— swore that it was a shame such *silken locks* with a natural wavy curl, should be allowed to retain their frosty character, and the gentleman finally resigned his cranium to the hands of A———, who very speedily—by the help of C———t's cosmetics for changing red or gray to a beautiful brown or black—as the advertisement has it—transmogrified him from a rather antiquated specimen of a gentleman of the "sere and yellow leaf," to a juvenile looking Adonis, of twenty-eight.

The transformation was most gratifying to our hero, who being rather a good looking fellow, felt proud of himself and accordingly displayed his handsome figure in the principal promenades of the city. His business concluded, he returned to his home in Cleveland, where he arrived late at night; and going straightway to his house, was admitted *in the dark* by his anxious spouse. Going to his apartment, he undressed himself, and without the formality of striking a light, got into bed, and in a short time was closely folded in the arms of his affectionate wife and morpheus.

The morning beams were dancing in diamond splendor upon the floor of the bedchamber, when he was awakened by a terrific scream, and starting up he discovered his better half rushing very much terrified from the bed-room. Quick as thought he sprang from his bed and followed her, visions of madness floating through his imagination. At length she reached the parlor, and sinking upon the sofa, she fainted outright. By dint of sal volatile and other restoratives she was shortly revived, when gazing upon her husband, who was mournfully bending over her, she exclaimed that she was ruined, dishonored and undone.

"Be calm, dearest," said he soothingly.

At the sound of the voice she started, gave one piercing look, and as she recognized the well know features, burst into tears, and sprang into his arms. It appeared that upon waking, instead of the familiar "frosty pow" of her leige lord, she discovered a redundant quantity of dark brown hair and whiskers. This caused her alarm and flight from the matrimonial couch. The lady, who is many years the junior, is perfectly charmed with the alteration, and feels quite proud of her *old man.* This adventure turned out happily at last.—*Boston Atlas.*

Juries.—They have some queer jurymen in Iowa. A few days since an old toper died rather suddenly—the coroner, in consequence, held an inquest, listened to the testimony of a physician—and was about rendering a verdict "water on the brain," when Mr. Slocum Pepplebodis, riz to object.

"Mr. Coroner, I have known the deceased ten mortal years, and I know he has never seen a sober moment in all that time. To say that such a man can die of 'water on the brain,' is therefore damned nonsense. It can't be did! 'Cause why? He never took any into his system. The true verdict, Mr. Coroner, should be gin, rum, or brandy on the brain, but as I cannot get such a verdict, I am willing to split the difference, compromise, and bring in a verdict as follows: 'Died from the effects of brandy and water on the brain.'" The compromise was agreed to and the verdict is a part and parcel of the recorded doings in Iowa.

A son of Mr. Hall, of this city died on Saturday evening of congestion of the brain. After death, an examination took place, and the child was found to have a brain weighing three ounces more than that of an ordinary man, and of course was liable at any time to the disease of which it died. A rumor had been current that the child died from a chastisement received at the hands of its school mistress, but the physicians who made the examination have declared there are no grounds for such a report, and that the death was one too likely to take place at any time with such an amount of brain.—*Standard.*

Land Grants.—The Minnesota land bill having passed congress and received the approbation of the president, there are hopes that the Wisconsin bills may not be far behind in sharing the same good fortune. We perceive that all our representatives voted for the bill. In this we are confident that they represent the wishes of the state and the people. We have paid to the government as much revenue as it is entitled to receive from the public lands in our borders. It has already been remunerated, twice over, for the cost of surveying and selling what has been surveyed and sold, and it is time we were partaking some of the benefits arising from the vast tract of domain which our people have rendered valuable by settling in and around it for the last fifteen or twenty years.

We hope to hear of the speedy passage of the Wisconsin grants, as a triumph of the popular sentiment and a rebuke to the assassins who have tried to prevent it.—*Madison Argus.*

Manchester, N. H., July 4.

On the morning of the Fourth, a fight took place between a large party of Americans and Irish. The latter were routed, and twelve to fifteen of their houses gutted and furniture destroyed. The Americans then attacked the Catholic church, broke all the windows, when the authorities and police stopped the riot.—Several Americans were seriously injured.

An Infernal Scoundrel.—A fellow named Dan. Emmett, scraped the throat of a waiter at the Western Hotel, Buffalo, for handing the last plate of peas on the table to another guest, he wanting them. The wound is not mortal. The same individual procured the publication of the notice of his own death that he might escape from Detroit without paying his debts. He will not get his deserts; but we hope the law will inflict the severest punishment for his offence.—*Wisconsin.*

Six Miles of Logs.—The Bangor Whig learns from an Oldtown correspondent that there are 600 acres of logs, in many places two or three deep, in the booms above that place—the main boom being filled to Eber's Point two miles, the Cuba boom three-fourths of a mile, and the Argyle boom three miles—making six miles of logs, and covering an average breadth of fifty rods.

Badger State Bank.—We publish to-day the semi-annual statement of this bank. It shows a highly prosperous condition, and the notes of no bank in the state are more readily received and circulated. We learn from its officers that the capital is soon to be increased to $50,000; the circulating notes having been already ordered. This bank, under the liberal yet safe management of Mr. Dimock, the cashier, who owns one-half of the capital, has been of great benefit to the business interests of this city, and with the increase of its capital will of course be enabled to increase its discounts and facilities to business men. The large amount of deposites shows the confidence of depositors in its safety, and will be apt to increase this class of its customers, as a good deal of money is in the hands of persons who have no immediate use for it, and who will place it where it can be drawn at any moment required.

Besides the Badger State, which was established and is jointly owned by Wm. J. Bell & Co., of the Exchange Bank of Milwaukee, with a capital of $50,000, the Messrs. Bell & Co. established and have a large interest in the Bank of Racine, capital $50,000, and the Bank of Fond du Lac, capital $25,000, shortly to be increased to $50,000.

☞ The anti-Nebraska convention comes off to-day at Madison, and the probability is that it will be very fully attended. One of the editors of this paper is in attendance, and we shall undoubtedly be able to giv a full report of the proceedings to-morrow or next day. The great body of the convention will be composed of men honestly desiring to make their opposition to slavery encroachments known and felt. We hope they will not allow themselves to be forestalled by those who have other objects in view, but that such counsels will prevail as will be effective in accomplishing the ostensible objects of the convention.

The La Salle Murders.—The Chicago Tribune states that letters have been received from Governor Matteson of Illinois by parties interested in the application for a pardon of the persons convicted of the murder of Mr. Story in La Salle last spring, stating that the governor "has come to the conclusion and has so expressed himself, that after the two trials of these men, both resulting in the same verdict, and the action of the supreme court in the case, *he does not deem it his duty to interfere in their decision.*"

This decision is a right one. There is frequently far too much sympathy for men convicted of the highest crime known to the law, and too many efforts in their behalf to screen them from the punishment due their offence. In this case, it is charged that a political and religious influence was sought to be perverted to their benefit.

Southern Wisconsin Railroad.—At the election of directors yesterday, Nelson Dewey, of Grant county, J. J. R. Pease and J. Mitchell of Janesville, J. W. Stewart and M. Kelley of Monroe, J. H. Earnest, J. H. Knowlton and T. C. Gibson of Lafayette county, and E. Langworth of Dubuque; were unanimously chosen. At a subsequent meeting of the directors, Ex-Gov. Dewey was unanimously re-elected president.

Maine.—The opponents of the Nebraska bill in Maine seem determined to unite their efforts and administer an effective rebuke to its authors. In the 2d congressional district, Samuel J. Gilman was nominated as the whig candidate, and the Morrill (anti-Nebraska) democrats nominated Gov. John G. Perry. To effect the desired union, both nominees have agreed to submit the matter to a committee of conference from the respective nominating conventions, and abide the result of their decision as to which shall withdraw. This is the right course and the right spirit.

☞ A single rowdy recently kept a dozen of the police at bay in St. Louis for an hour. When finally overpowered he was bloody from head to foot from the beating he had received.

A New Route.—The Milwaukee Wisconsin reports the arrival at that port of 1500 tons of railroad iron for the La Crosse railroad direct from Quebec. The Wisconsin says it is the first arrival of the kind, and that the iron was reshipped only at Quebec on its passage from England.

☞ The death of Mr. Henry K. Holley, cashier of the State Bank at Madison, at Lyons, N. Y., on Saturday the 8th inst., from cholera, is announced. Mr. Holley left Madison on Wednesday last, to spend a few weeks at Lyons, the residence of his mother, and arrived there on Friday afternoon, at 4 o'clock, with an attack of cholera, and died the next morning at nine o'clock. His sudden death will cast a deep gloom over his acquaintances, both there and at Madison, where he was much respected and beloved.

Chicago.—The Daily Tribune publishes the report of the city sexton, for June by which it appears that the whole number of interments for that month was 333, of which 142 were deaths from cholera. The mortality thus far for this month has been in much greater ratio, the number of interments from the 1st to the 8th inclusive being 242. On the 9th there were 38 interments, mostly from cholera.

☞ The jury of inquest in the case of Connor have brought in a verdict of murdered by Michael Fleming principal and James Ducey accessory. The mayor of the city offers a reward of $200 for the apprehension of the murderers.

The error of a moment may become the sorrow of a whole life.

Blackwood's Edinburgh Magazine for June has been received. Among other articles of interest is one peculiarly so to its American readers, entitled "the recent growth of the United States of America." It is re-published by Leonard Scott & Co., 79 Fulton street, New York, at $3 00 per year.

The Knickerbocker Magazine commences its forty-fourth volume with the July number, now received. The Knickerbocker enjoys a wide and well earned reputation. Published by Samuel Hueston, 348 Broadway, New York, at $3 00 per year.

☞ Our readers need'nt mind the outside date of to-day's paper, unless they want to be "set back" a day or two. The inside date is all right.

☞ One of the effects of the late hot weather was the death of a large number of hogs on the Illinois Central railroad between Peru and the junction. Out of a drove of 450, 225 died. They were being transported from Vermillion county to New York, but being so closely stowed in the cars, they suffocated from the heat. The train went on to Detroit from the junction with the dead and the live hogs unseparated.

☞ A hotel company is organized in Milwaukee, and at a recent meeting of the stockholders the following persons were chosen directors:

J. B. Cross, James Ludington, A. Finch, jr., T. P. Williams, John Lockwood.

Mr. Schuyler's Letter of Resignation.—The following is a copy of the letter from Mr. Schuyler resigning his post of president of the New Haven railroad, and absolving his brother from all knowledge of the fraud, which he at the same time confesses:

New York July 3.

Gentlemen: I beg to resign my seat in the board of directors of the New York and New Haven railroad company, and also the office of president and the appointment of transfer agent of the stock of the company.

Your attention to the stock ledger of your company is essential, as you will find there much that is wrong. The details can be furnished you with precision, though I cannot do so.

In reference to the connection of these transactions with R. and G. L. Schuyler, I wish to make my solemn assurance that in no way has my brother been concerned in them, nor has he ever known or been informed of them. In fact, there was no mode in which he could obtain information except from myself, and I have ever been quite as careful to keep him in ignorance as any other person. He could not even have ascertained the facts from our own books and accounts, and to those of the New Haven company in my charge he had no access.

Your obedient servant,
ROBERT SCHUYLER.

To the directors of the N. Y. & N. H. R. R.

The following letter in the Tribune is in reply to a piece of gossip about Mr. Robert Schuyler's marriage:

Sir—I beg a small space in your columns to refute a story that appeared in last evening's Post, relative to the private life and marriage of Mr. Robert Schuyler. I will not speak of the indelicacy and ruthlessness of the hand, that at this critical juncture would tear aside the sacred vail of domestic privacy—for every sensitive heart will at once perceive—nor would I here undertake to defend one too ill to defend himself; to time and to a just God do I commit the vindication of my husband's honor.

But as other stories may spring from the same source that originated this marriage romance, I would here pronounce it all a fabrication.

The "poor girl's" family was as respectable and wealthy as Mr. Schuyler's own, and they were really connected by marriage.

The name of *Spicer*, by which the family was so long known, was the name of a near and dear relative who bequeathed it to the "*poor* girl!" with the small property which alone remains to provide for the wants of her children and dying husband.

Will the Evening Post copy this communication in correction of its false statement?

Mrs. Robert Schuyler, W. 22d st.

Interesting Post Office Statistics.—The surplus of box rents in the post office at San Francisco is such an extraordinary sum, and the yearly increase so great over anything on record in the general post office, that we give it in the official figures, as one of the remarkable facts in the progress of California—the political, financial, and social miracle of the world. The amount paid into the treasury, deducting the postmaster's allowance, for the third quarter of 1851 was $2,486; for the first quarter of 1854, $7,650. And it is the opinion of Colonel Henley, the efficient postmaster of San Francisco, (who is now in this city,) that the surplus box rents for 1855 will realize $40,000. The boxes are arranged with lock and key, so that each holder helps himself without delay. Some boxes pay as high as $40 a year. The highest amount realized from the New York post office is $2,990; Boston, $1,684 14; New Orleans, $1,304 84.

Remarkable.—One of our citizens was attacked with cholera on Saturday, and about 2 o'clock on that afternoon was supposed to be dead. His shroud was prepared, and was about to be placed upon him. The storm came up,—the windows of the room where he laid were open, the cold air, charged with electricity, came rushing in, and the supposed dead man revived, and came to life. He is alive this morning, and probably will recover.

We are much opposed to the practice of burying people so soon after death. Nothing is so horrible as the thought of being buried alive, and the mere possibility of such an event should insure the greatest caution in interments.—*Chicago Tribune.*

As the note of preparation begins to be sounded for the fall elections of the free states, it is worth while to know when they come. The first of them are not far off:

Iowa,	Aug.	7	Massachusetts,	Nov.	13
California,	Sept.	5	New York,	do	7
Vermont,	do	5	New Jersey,	do	7
Maine,	do	11	Illinois,	do	7
Penn.,	Oct.	10	Michigan,	do	7
Ohio,	do	10	Wisconsin,	do	7
Indiana,	do	10			

All these states elect representatives this year. The legislatures of California, Indiana, Illinois, Iowa, Massachusetts, New Hampshire, New York, Pennsylvania, Vermont and Wisconsin, each choose an U. S. senator also at their next meeting. We do not believe that any man who voted for the repeal of the Missouri compromise will go back to Washington from any of them. These elections settle the character of congress until March, 1857.

Retreat of the Russian Army from the Turkish Territories.—The following important despatch announcing the immediate and complete retreat of the Russians from the Sultan's dominions was published on Monday evening:

Paris, Monday, June 26, 1854.

The Moniteur publishes intelligence from Bucharest of the 23d, received by telegraph via Belgrade. It says: "The siege of Silistria, suspended on the 13th, has now been raised by superior order. The Russians have evacuated Giurgevo, and the whole Muscovite army is about to retire beyond the Pruth."

Paris, Tuesday, Morning, June 27.

The Moniteur announces that a dispatch received from Vienna, dated Monday, states that the siege of Silistria was raised, and that the Russians were retiring *en masse.* Their retreat was being effected from all parts of Wallachia, in the direction of Folksham and Berlat. The entry of the Austrians into the principalities is decided on and Count Coroini, with the 1st division, to be followed closely by a second, is ready to descend the Danube to Giurgevo, when he will march to Bucharest.

Cronstadt, (in Transylvania) June 19.

The Russians are leaving Wallachia in all haste. They take with them the horses, oxen, wheat, and everything moveable on which they can lay their hands, leaving nothing behind but their wretched paper money.

A despatch from Vienna, dated the 25th inst. says:

"The Russians are in full retreat to Moldavia. The Russians in the Debrudscha are also retiring. A Turkish army, 20,000 strong, is advancing to relieve Rascova. Omar Pasha is advancing with his entire force to the Danube."

In consequence of the wounds received by Prince Paskiewitch, (who was also much enfeebled by fever) and Prince Gortschakoff, General Dannenberg has been appointed to the chief command of the Russian forces. The complete defeat of the Russians on the 16th is confirmed, a portion of the besieging army having been forced to recross the Danube in all haste. The Turks took several standards and a great quantity of baggage. Five Russian generals were either killed or wounded in this affair alone. The left leg of General Schilders was taken out of the socket, and he lies in a dangerous state. He is advanced in years, and of nervous temperament. Prince Gortschakoff's wound is severe. General Luders, who is also, wounded, is said to be doing well. Marshal Paskiewitch suffers considerably from his contusion. Count Orloff lingers without hope of recovery.

Vienna, June 26, '54.

The night before last the Russian reply to the Austrian note reached here. It is to the effect that, as a mark of high consideration for Austria Russia consents to evacuate the Turkish territories.

New York, July 7.

Attempted Incendiarism—More Frauds—Cholera in New York.—At a late hour last night, a cotton merchant was discovered in the act of setting fire to his store in South street, near Fletcher. He was seized by the officer, and then attempted to bribe him with the offer of his gold watch and to release him. The policeman refused. The gentleman was locked up to await further action.

It is reported this afternoon that the prisoner has committed suicide in the tombs.

Alexander Kyle, jr., secretary of the Harlem railroad company, confessed that there has been an over-issue of a thousand shares of Harlem stock, valued at $30,000, and that he has appropriated that amount to his own private purposes. Besides this amount, the company lose $400,000 by the misuse of their bonds.—The stock was not called at the board of brokers to-day and will not be until the examination now pending is over. The examination into the affairs of the New Haven company is still proceeding.

The board of health of this city, to-day, declined giving a report of cholera cases for publication in the newspapers on the ground that it tended to cause excitement among the people. The physicians stated, however, that there had been no increase in the disease.

GREAT SALE OF
REAL ESTATE!
Rare Chance for Investment!
600 Village Lots!

THE undersigned offers at private sale SIX HUNDRED VILLAGE LOTS, situated in "Hickory Glen" and "Pixley & Shaw's" addition to Janesville, and located in the immediate vicinity of the Milwaukee and Mississippi railroad depot, in the city of Janesville.

The above property is but a short distance from the present business center of the thriving city of Janesville, and towards which, through the influence of the various railroads, in operation and projected, the business of the city is fast finding its way.

It is unnecessary to speak of the peculiar advantages of an investment in a property so centrally located in the largest inland city in the State of Wisconsin—a city so widely known for its thrift and business prosperity, possessing extensive water-power and surrounded by the best farming country in the world—as every one at all conversant with the progress of western cities will see at once these advantages.

The above property is offered at very low rates, and on the most favorable terms, particularly to those who wish to make immediate improvements on purchases.

Also, 1,000 Acres of the *Best Improved Farming Lands,*
situated within a few miles of the city, which will be sold in lots to suit purchasers, from 40 to 320 acres.

THE HIGH PRICES OF FOOD.—A respected correspondent inquires us to what causes the high prices of provisions, which, as he says, now occasion a great deal of suffering among those who work for their living in this city and other large towns, and who would be glad to have that living such as every honest and industrious laborer is fairly entitled to. Our correspondent inquires whether the present high prices are not owing to the fact that speculators bought up all the provisions last fall and winter? Very likely they did this—but so it will be every fall and winter, and we see no reason why men should not gamble with flour, or potatoes, or butter, for stakes as well as fancy stocks in Wall-st. The law of demand and supply must rule the prices of food as well as of other things. If more provisions were produced, the prices would be less, and there would be more difficulty in buying up and controlling the market. We have too many consumers for the producers, and we hope the difficulty of getting food will drive some thousands of them to the country to cultivate the millions of waste, rich acres, and grow their own provisions, and then they will have no occasion to grumble at high prices.

Our correspondent further inquires if the banks do not aid and encourage these provision speculators by loans upon long time? That is possible enough; but on the other hand, do not farmers encourage the banks by putting their money in their stocks instead of putting it in improvements on their farms so as to make more produce at less prices and better profits than they do now? What if all the farm produce we eat were grown by the use of the hoe alone, as many crops are in South Carolina and the lower part of Georgia? Would it not be even higher than it now is, with all the aid of banks and speculator's prices? And are not northern farmers generally, taking into view their superior opportunities, just as far behind the times in their modes of producing crops as the southern negro with his hoe? Why, if all the cultivated land in the United States were plowed on an average twelve inches deep instead of three inches or less as it is now, the produce of the country would be more than doubled without adding ten per cent. to the cost? And in that case, it is not too much to say that speculators would find better employment for their own, or their borrowed capital, than in buying up crops of grain, fruit, butter, cheese or meat, to peddle out to the poor unfortunates who work and starve in cities.

The evil complained of is not in the banks which furnish the money. It is much more the fault of the farmer who withdraws his capital to invest in bank stock or on bond and mortgage, and perhaps takes his own and his son's labor from the field to engage in trade or in the very speculation that our correspondent complains of. This consideration leads us to the remedy for this great evil suffered by all the working-class of towns and cities; grinding them down to a bare subsistence and weighing like an incubus on their hope for the future. All their efforts to increase their wages do no good—they live no better now than they did when they worked for just one-half what they get now; and thousands are in the same condition and do not know how to rid themselves of this curse of constant toil for a mere subsistence—for slave's wages. For the difficulty we repeat the old prescription. Quit the city. Go to tilling the soil. Be producers of food instead of consumers. Do not become like nine-tenths of the farmers in this country, mere land-drones; sometimes dogs in the manger, that get possession of land which they will neither cultivate themselves nor let anybody else cultivate. If you are too poor to buy land, you are not too poor to vote for men who will pass the homestead bill, and open the Great West to the hands of all who will give their labor to its soil and build homes on its rich prairies and swelling bluffs. You can vote too, for men who will shut up the hundreds of thousands of pauper manufactories in the country, which tax you twice as much as all the banks and speculators and high prices put together.—It is crime, and not speculation, that robs you and keeps you poor. It is for you to work out the great change that will bring you a proper reward for your labor, by your hands and your votes. But don't vote like a slave to your party any longer, and then you will not cry out against speculation nor think that bank loans are the cause of the high prices of provisions.—*N. Y. Tribune.*

IS IT PAINFUL TO DIE?—According to my observations the mere act of dying is seldom, in any sense of the word, a very painful process. It is true that some persons die in a state of bodily torture as in cases of tetanus; that the drunkard, dying of delirium tremens, is haunted by terrific visions; and that the victims of that most horrible of all diseases, hydrophobia, in addition to those peculiar bodily sufferings from which the disease has derived its name, may be in a state of terror from the supposed presence of frightful objects, which are presented to him as realities, even to the last. But these, and some other instances which I might adduce, are exceptions to the general rule—which is, that both mental and bodily suffering terminate long before the scene is finally closed. Then, as to the actual fear of death, it seems to me that the author of our existence, for the most part, gives it to us when it is intended that we should live, and takes it from us when it is intended that we should die. Those who have been long tormented by bodily pain are generally as anxious to die as they ever were to live. So it is often with those whose life has been protracted to an extreme old age, beyond the usual period of mortality, even when they labor under no actual disease.—*Psychological Inquiries.*

ROCK ISLAND ROAD.—If anything were wanting to show the immense travel through Chicago both to and from the great and fertile country west of us, the following statement of the earnings of a single one of our Illinois railroads leading west from Chicago, would be all sufficient. Just think of it! upwards of $2200 in cash *daily* from passengers alone, and nearly $2,000 *per day* for freight, with a canal and other railroads almost parallel alongside of this road. The following is the statement of the Chicago and Rock Island railroad earnings for June, 1854:

From passengers,	$68,508,49
Freight and mails,	44,500,00
Total,	$113,008,49
" for May,	109,289,20
Increase,	$3,719,29

And yet this road has not been able to do all the freighting business that has been offered.—*Chicago Tribune.*

PETTIT.—The new democratic apostle, who scouts the declaration of independence as a *lie*, is thus spoken of by Mr. Benton, in a recent letter to a citizen of Indiana:

"Sir, your senator (Pettit) is a great liar and a dirty dog, falsifying public history for a criminal purpose."

This is more expressive than elegant, certainly, but it may nevertheless be true. If Pettit's character be properly delineated by Benton, we do not see why he should quarrel with the declaration of independence, even if his estimate of it should be the right one.—*Chicago Tribune.*

The Daily Gazette.

WEDNESDAY MORNING, JULY 12, 1854.

Home Interests.

For a long time past, the great and absorbing interest in the minds of the citizens of this place has been *railroads;* and it may well be questioned whether there are not other interests, really of equal importance, which have been too much lost sight of, too much superceded by this one. No better natural advantages for a large mechanical and manufacturing business can be found anywhere than at this place. We have several manufacturing establishments, and a number of mechanics and machinists, that are doing a fine business, but our natural facilities can by no means be said to be developed. The hydraulic power of Rock river has scarcely begun to be occupied. For a mile or two, or three, within the limits of this city, its banks might be lined with mills and factories, and yet this power be unexhausted. We are yet importing a thousand articles of domestic and agricultural use which ought to be manufactured here, sending money abroad to pay for them, which ought to be used here in making us more independent of foreign manufactures. Who thinks railroads would not find their way to us without many extra inducements, if this power was more fully occupied and these articles more extensively manufactured?

Then there are our schools. Have we any reason to be over proud of the exertions we have put forth in this direction? It is true we have had and have now, some excellent schools. But they have thus far been sustained by the perseverance of teachers, aided and encouraged by only a few individuals, in spite of the disheartening apathy of a majority of our citizens upon this subject. Our school houses are too small and too few to accommodate the great number of pupils registered upon the school list. We have an excellent superintendent and enjoy a most munificent public fund to support schools, yet a want of proper interest and harmony of feeling and action upon the subject by our citizens, deprives us of the advantages we ought to reap from the services of the one and the use of the other. We have no comparisons to make with other towns, but when we are asked "what are the educational advantages of your city," candor and truth impel us to answer, "not what they should be." Is this state of things necessary? By no means. Let us turn our attention to this truly important subject at once. It is of vast consequence to us. It is an investment of effort that will pay—and as for means, we are expending enough every year, if it were done under a proper system, to endow and support the best of schools and plenty of them. How much longer shall these means be misapplied through want of system and concert of action. We trust not long.

Nobody can find fault as a general thing, with the manner in which our hotels are kept. Their character stands well in comparison with any others. But though well provided with room and accommodations, how inadequate have they been to meet the rush of travel that has centered here this season. People enough have been turned away, or sent to private houses, to say nothing of those who knowing the difficulty of obtaining comfortable quarters have been diverted to other points, to abundantly support a first class hotel. Property holders would make money to *give* the stock to some responsible company that would enter into bonds to build, furnish and maintain such a hotel. Would it not be well that some of our superfluous anxiety about railroads be expended upon this subject? That while we are so busy in devising facilities for people to come here, we look a little further and provide accommodations for them when arrived? Will you think of these things, and may we not further ask, will you act upon them?

MICHIGAN.—The anti-Nebraska convention which met at Jackson a few days since is said to have been very fully attended and made the following nominations. For governor, Kingsley S. Bingham; lieutenant governor, Geo. A. Coe; secretary of state, John McKinney; treasurer Silas M. Holmes; attorney general, Jacob M. Howard; auditor general, Whitney Jones; land commissioner, Seymour B. Treadwell; Superintendent public instruction, Ira Mayhew; board of education, John R. Kellogg—to fill vacancy Hiram L. Miller.

☞ A typographical blunder that carries its character on its face, or affords an intelligent reader a chance to make his own correction, we usually let take its run. But occasionally one occurs that requires a formal notice, and such a one will be found in the advertisement of Mrs. La Dow yesterday. If the reader will call *crayolithic* painting what is there named "chrysolithic," he will be much nearer right than the types were when they gave so bad a misnomer to a new style of a really desirable art.

☞ Thomas Shea, Edward Fitzgerald, Ellen Fitzgerald and William Neil, are undergoing examination as witnesses before a jury of inquest in the murder case of Connor.

CONNECTICUT.—The legislature of Connecticut adjourned *sine die*, on Saturday morning, 1st, after a session of nearly two months—during which time two United States senators, a chief justice and judge of the superior court of the state have been elected, numerous other inferior offices filled, banks chartered, a Maine law passed; above all, Connecticut has spoken in a loud and indignant tone against the perpetration of the Nebraska iniquity. A bill to repeal the act allowing temporary residents in Connecticut to retain their slaves, was rejected by the house of representatives on Friday, by a vote of 68 to 99. The same body passed the bill to repeal the act allowing theatrical exhibitions, which had previously passed the senate, by a vote of 129 to 64. Also the bill prohibiting the use of the prisons of the state, for confinement of fugitive slaves, by a vote of 70 to 68.

☞ The intimate conection of the Messrs Schuyler of New York with several Wisconsin and other western railroads gives any information concerning them or their financial operations peculiar interest to our readers, and hence we have published such facts as we have found credibly reported. To what we have already given we add the following from the New York Evening Post:

THE SCHUYLER FAILURE.—The fraud committed by Robert Schuyler continues to be the great topic of conversation. There is reason to believe that he is now in Canada. The last that was seen of him was on Tuesday morning, the 4th of July, at his residence in Twenty-second street, when his brother-in-law, Mr. Bowdoin, left him. He has been heard of since at Saratoga, in the cars bound for Burlington, Vermont, there he doubtless designed to take the steamer for Canada. At the board of Brothers to-day, it was announced that he was in Canada. The day before he left, on the 3d of July, he and his brother executed an assignment of all the property belonging to the firm, as well as his individual property, to Messrs. Bowdoin & Barlow, attorneys at number 65 Merchant's Exchange.

The assignment, we have been informed by Mr. Bowdoin, is made for the benefit of all the creditors without preference, and the assignees have taken possession of the property, and will as soon as possible make a public report on the condition of the estate, its liabilities and assets.

George. L. Schuyler has not seen his brother since Monday, and says "he never expects to see him again." He says, also, that he is not aware of the firm being benefitted in any way by the large sums arising out of the hypothecation of the spurious stock.

In consequence of the assignment of all his property, George L. Schuyler has resigned the presidency of the Harlem Railroad company: in consequence of which the directors of which have been called together, and are now in session at Nelson Robinson's office in Wall street. They intend, we learn, for general satisfaction, though no suspicion attaches to any misdeings in the Harlem company, in which Robert Schuyler has had no power for the past year, to make a thorough examination into its affairs, and to report the result

One of the many incidents publicly mentioned in connection with this gigantic fraud is that Cornelius Vanderbilt had an interview with Robert Schuyler subsequently to the announcement of the failure—offered him at once a check for $150,000, and tendered further assistance to the extent of even three millions, if necessary, and would carry the New Haven and Harlem stocks at par, if Robert Schuyler would only assure him that "all was right." To this Robert Schuyler made no other reply than shaking his head. No such assurance could be given. The enormity of this crime, committed by an old member of one of the most aristocratic families, and the grandson of Gen'l Schuyler of the revolution, has produced a shock in financial circles from which the country will not soon recover.

As a matter of course, since the discovery of this great fraud, everything pertaining to the past history of Robert Schuyler is seized upon with great avidity. The matter of his secret marriage is much discussed. This was unknown to a majority of people until since the failure.—Mr. Schuyler had been living as a bachelor, and was supposed to be a bachelor until a few months since, it was discovered that he had been privately married many years previous, and had a family of children, one or two of whom had grown up and got married. They had gone under the name Spicer. Mr. Schuyler's explanation was that he saw a pretty girl with whom he fell in love; she was poor and he knew his family would object to the match; so he married her privately, and had never divulged the secret.

The amount of New York and New Haven railroad stock illegally issued by Robert Schuyler is reported by a committee of the directors at about 20,000 shares, of a cash value *of two millions of dollars.* He is also said to have applied to his own use $800,000 received from the sale of the bonds of the Harlem railroad. The exact extent to which he has involved the western roads with which the firm of Schuyler & Co. was connected cannot yet be told. We are glad to learn that three of them, the Lake Shore, the Racine, and the Milwaukee and Watertown, will not suffer materially.

A SIGNIFICANT MOVEMENT.—The call for an anti-Nebraska state convention in New York, noticed yesterday, is one of the most significant movements of the day. It is issued over the names of such men as Moses H. Grinnell, A. C. Flagg, W. C. Bryant, Minthorn Tompkins, John A. and Charles King, Joseph and G. W. Blunt, David Lord, H. Ward Beecher, and others equally well known, who have been prominent for years in the different parties existing in the country. It is also endorsed by leading members of all the old political organisations.

The objects avowed in the call are:

For the protection of the free states from southern aggression and northern treachery;

For the recovery of the rights of the free states as an integral part of the Union; and

For the rescue of the general government from the control of the slave power.

As a means of accomplishing these objects, the following topics are suggested for the consideration of the convention:

First. The propriety of convening a congress of delegates from all the free states and territories, and from such portions of the slave states as sympathize with the objects proposed for consideration in the general call of this convention.

Second. The necessity of thorough preparation for the fall elections, that none may be sent to the congress of the United States, except those who can be relied on for a firm and unflinching opposition to the designs and encroachments of the slave representation.

Third. The best method of permanently restricting the institution of slavery to the limits prescribed by the Missouri compromise, and the absolute and complete release of the people of the free states from any participation in or responsibility for its longer existence.

This call contemplates a thorough *fusion* of parties for a specific purpose, and has the sanction of names that will give it significance and importance throughout the Union. It is not liable to the objection and little subject to the hazards of a mere coalition of two or more parties in the minority against a dominant party; but involves, if successful,—and the auspices and circumstances under which it is ushered into being seems an absolute warrantee of success,—a subversion of all old organisations, and the re-construction of portions at least of each into a powerful and triumphant party. Such a movement in New York will be likely to be followed in other free states; then comes counter combinations in the slave states, and the "agitation" so wantonly and needlessly renewed by the south will convulse the country beyond anything yet known in its history. The conservative feeling of the north may deplore and would willingly decline such a contest, but it cannot evade the issue, and ought not if it could. The battle, once begun, must be fought till defeat or victory closes the contest.

THE REPULSE AT SILISTRIA.—The Journal de Constantinople gives the following account of an attack made by the Russians on the south-west outworks of Silistria, and their disastrous defeat. The Turks fought like fiends:

Three storming corps of 10,000 men each, formed with a battalion of engineer sappers, with fascines and scaling ladders, at their head. Before the men set to work they were addressed by prince Paskiewitsch, who urged them to exertion, "as, if they did not succeed in taking the fortress, he should be obliged to keep back their rations." After this encouragement two of the corps proceeded toward the fort of Arab Tabia and Yelanli; the third corps was to act as a reserve.

After a terrific cannonade the storming parties advanced, but were received by the Turks with such a well directed fire that for a time they made but little progress. The Russians, however, fought bravely, and having managed to scale the breastwork of one of the batteries, a regular hand-to-hand fight took place. At last the Turks were victorious, and the unfortunate besiegers were knocked into the ditches with the butt-ends of the Turkish muskets. The Russians had evidently lost courage, and when they returned to the attack, it was only because they were forced to do so by the officers.

When there was literally no more fight in the men, a retreat was sounded, and the Russians carried off as many of their dead and wounded as they could. The Turks, after their enemies had retired, picked up 1,500 dead bodies, a great number of guns, swords, drums, musical instruments, and the colors of a battalion.

General Dannenburgh has succeeded to the chief command of the Russians forces of the Danube, in consequence of the wounds received by the general in command.

General Lucers had his jaw carried away by a cannon ball.

WHEAT IN THE GENESEE COUNTRY.—The Rochester American speaks somewhat despondingly of the wheat crop in the Genesee country, having learned "from an intelligent gentleman who has just passed through Ontario, Livingston and a part of Monroe counties, that all late sown wheat looks very badly and will not yield over some ten bushels to the acre. This partial failure is ascribed to winter-killing and the severe weather that occurred in the last half of the month of March. The wheat fly, called "weevil" is at work; and has alarmed many farmers. This insect is a new enemy in the valley of the Genesee and no one knows how far its ravages may extend."

Another account, the Buffalo Courier says:

From what we have been able to gather from the farmers of Genesee, Orleans, Niagara, and Wyoming, and from portions of Erie, Cattaraugus and Chautauque, we are led to believe that the wheat crop will be fully up to the average. The papers in those counties generally express that opinion.

Our fellow citizen, James Bradley, esq., has been appointed one of the associate justices of Nebraska territory. Mr. Bradley is a gentleman well qualified to discharge the duties of the office to which he has been appointed, and we are heartily glad that he has been fortunate in receiving the favor of this administration. On the subjects that now most agitate the political waters, Mr. B. is reliable, that is to say, he is fully committed against all Wilmot provisos, approves the fugitive slave law to the letter, and the repeal of the Missouri compromise, and don't object to the extension of slavery over all territory, wherever the people desire to be *blessed* with that domestic institution, at least so we have always understood him. He is not a new convert to these doctrines, and if the president wishes a judge for Nebraska, with these liberal democratic notions, we are confident that Mr. Bradley will "fill the bill."—*La Porte (Indiana) Whig.*

A Washington letter-writer intimates that the administration democrats of Vermont feel hurt at what they consider the neglect of the president. Their state, they say, voted heartily against him, and yet she is the only one of the four opposition states which has not been honored by the favorable notice of the executive. Massachusetts and Kentucky have each a representative in the cabinet, and a citizen of Tennessee holds the profitable and responsible position of printer to congress, to which he was elected in strict accordance with the wishes of the president. While Vermont, the only remaining one of four states which voted against him, has nothing. The complaint of Vermont seems reasonable—the more so as it cannot be doubted that the president might strengthen himself and the party as much by an important appointment from Vermont as he did by either of those named.—*Buff. Com. Adv.*

PENNSYLVANIA.—The Washington correspondent of the New York Express writes that "the prospect of a thorough whig victory in Pennsylvania, in October, increases daily. An experienced politician of superior advantages for acquiring information on this subject, has recently returned from a long visit to that state, and gives it as his opinion that the whig candidate for governor, Mr. Pollock, will beat Gov. Bigler, from 10,000 to 15,000 votes. He regards this result as inevitable, and the election of a large majority of the delegation to the next congress, by the whigs, as equally inevitable."

LOST BAGGAGE.—A decision was recently given in a New York court, of importance to hotel-keepers and travelers, relative to the liability of the former for lost baggage. The mooted question as to what constitutes the personal baggage of a traveler was entered into at length by the judge. Gold snuff-boxes and opera-glasses were excluded, while a bible and prayer book, and a gold letter seal, valued at fifteen dollars, were allowed. Judgment was rendered for the full amount of loss, excepting the snuff box and two opera glasses. The trunk was lost from a carriage belonging to the Metropolitan hotel, New York, Messrs. Leland, proprietors. The money in the trunk was decided to be at the risk of the owner.

We hear rumors of extensive damages in and about the neighborhood of Geneva lake occasioned by the waters of the lake breaking from their confinement and making a new channel of connection with Fox river. The rumors involve the tearing away of dams and mills both on the lake and river, and it is feared the lake will empty itself entirely. We get no particulars.—*Kenosha Telegraph, Monday.*

☞ The Racine County Democrat has been enlarged to a seven column paper.

NEW HAMPSHIRE.—When the Nebraska resolutions were under consideration, a motion to substitute resolutions in the house committing the whigs to their platform of 1852 was defeated.

The first resolution, declaring against the introduction of slavery into free territory, and the erection of any territory without its probibition, was adopted by 160 to 118.

The second resolution was passed by a vote of 155 to 119. It deprecated the repeal of the Missouri compromise.

The resolution approving of the course of Kittredge and Morrison, in voting against the Nebraska bill, in congress, passed by a vote of 156 to 110.

The resolution disapproving the course of senators Williams and Norris, and Hibbard of the house was also passed by a vote of 150 to 117.

The editor of the Philadelphia Courier says: "While at the 'Burning spring,' near Niagara, a few days ago, we were requested to enter the names of our party in the visitor's register, and, while complying observed that the registry had been suspended at about two-thirds down on the left hand page, and then continued at the top of the right. On seeking the cause, we found the last entry as follows:

'*Matt. F. Ward, Brothers and Servant.*'

Of course, that name had cast a blight upon the page forever; no honest man would add his name beneath that of the Cain-braided fugitive, but underneath was written, as by the hand of some recording angel, or crime-pursuing Nemesis—

'THE MURDERER!'"

The hard shells of New York held their state convention on Wednesday, the 12th inst., at Syracuse, to nominate a state ticket for governor, &c. The leaders are much puzzled to know what to say about the Nebraska bill. If it is introduced and voted on, it will shatter their party to fragments—for fully one half under the lead of Peckham, Wheeler and Bradly, are decided against it—while the other section under the lead of Cutting, Croswell and Walsh are as warmly for it. The N. Y. Herald advises them not to touch it at all—pass it over in silence. The Albany Argus and the Buffalo Courier insist upon an endorsement of it. We think that they will compromise, by approving of the principle of popular sovereignty so far as it is embraced in the bill, but at the same time not approving of the bill as it passed.—*Ex.*

YOUNG AMERICA OF THE FLASH SCHOOL.—In his lately published volume of lectures on "The Moral Aspects of City Life," Rev. E. H. Chapin says of Young America: "There are young men whose sole conception of enjoyment is concentrated in the word 'fast'—who grow fast, live fast, go fast on the tract to destruction with their own folly for a locomotive, and champagne and brandy for the steam power; converting themselves into liquor cases propping up door-posts, banging over railings, and startling the dull ear of night with rickety melodies and war-whoops. There are others, half fop and half ruffian, who divide their time between the favorite racer and the pet pugilist, and whose idea of a millenium probably would be that of a protracted fourth of July."

GREAT EXCITEMENT IN GALENA.—Some person took it into his head to arrest several negroes (who have, as we understand it, long been residents of that place) under a law of Illinois designed to check black immigration to that state. Four blacks were arrested and taken before a magistrate but afterwards released on a writ of habeas corpus issued by Judge Sheldon. We think the act on the part of the gritters up a very foolish thing.—*Dubuque Herald.*

GREAT SALE OF REAL ESTATE!

Rare Chance for Investment!

600 Village Lots!

THE undersigned offers at private sale SIX HUNDRED VILLAGE LOTS, situated in "Hickory Glen" and "Pixley & Shaw's" addition to Janesville, and located in the immediate vicinity of the Milwaukee and Mississippi railroad depot, in the city of Janesville.

The above property is but a short distance from the present business center of the thriving city of Janesville, and towards which, through the influence of the various railroads, in operation and projected, the business of the city is fast finding its way.

It is unnecessary to speak of the peculiar advantages of an investment in a property so centrally located in the largest inland city in the State of Wisconsin—a city so widely known for its thrift and business prosperity, possessing extensive water-power and surrounded by the best farming country in the world—as every one at all conversant with the progress of western cities will see at once these advantages.

The above property is offered at very low rates, and on the most favorable terms, particularly to those who wish to make immediate improvements on purchases.

Also, 1,000 Acres of the *Best Improved Farming Lands,*

situated within a few miles of the city, which will be sold in lots to suit purchasers, from 40 to 320 acres.

For particulars enquire of the undersigned at "*Pixley & Kimball's Hardware Store,*" or of THOMAS SHAW. D. F. PIXLEY.

THE DAILY GAZETTE.

☞ We find the following in Tompson's Bank Note Reporter. As a good deal of the money of the bank is in circulation in this vicinity, it will be of general interest:

ERIE AND KALAMAZOO RAILROAD BANK.—We notice that at a meeting of the directors of the Erie and Kalamazoo Railroad Bank, Mich., on the 8th June, 1854, A. J. Comstock, president, of that institution, offered his resignation, on account of declining health, which was accepted, to take effect on the 1st of July. Upon which, resolutions were passed highly complimentary to Mr. Comstock, for his untiring zeal, faithful and judicious discharge of the duties, which had devolved upon him, as the chief officer of the institution. At the same meeting of the board, Noah Lee, esq., now president of the bank of the capitol, of the city of Albany, New York, was elected president in place of Mr. Comstock, to take effect at the same time.

Mr. Comstock retains his place as a director, and is also a large stockholder.

We think the bank peculiarly fortunate in securing the services of so able and experienced a financier as Mr. Lee. Mr. Lee for a number of years has been connected with some of the banking institutions of Albany, either in the capacity of a director or an officer, and as late cashier of the Albany Exchange Bank, deservedly obtained the reputation of being one of the best financial officers in that city.

This bank, under such directors and officers, is entitled to the confidence of the community, and will undoubtedly have a full share of its patronage.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea,
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,
His inimitable selection of
Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exqusite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparrel.—Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Judea's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till
It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop,
More in mock than mark."

HOLDEN, KEMP & Co.
The Empire Drug Warehouse.
WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

THE UNDERSIGNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,
GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

Those in the HARNESS and SHOE business can now obtain their supply of the best quality in this new, beautiful and enterprising city, CHEAP FOR CASH, and save time, trouble and expense in traveling either to the Lake or farther East.

It appears that some of our friends have had a sudden impulse of benevolence come over them for the people here and in this vicinity, but doubtless our citizens will discover what the rats did in the fable, that there was a cat in the white heap.

Also, received and receiving an extensive assortment of

Boots & Shoes,

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of five very best brands of Eastern Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,

J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S
Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved,* by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente,* are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c.

DEEDS and MORTGAGES for sale at this Office.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

And it is further ordered that within twenty days from the date of this order the complainant cause a copy of this order to be personally served on the said defendant, Mabel Squire, or that he cause a copy of the same to be published in the Janesville Gazette, a public newspaper printed and published in the city of Janesville, at least once in each week for six weeks successively. 1000 Dollars Reward,
WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of
PULVERMACHER'S
Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the Chest
Dyspepsia, Indigestion,	

ALL NERVOUS DISEASES
Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.
HISTORY.
Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.
THE WORLD IS CHALLENGED
to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.
Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.
All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.
The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.
CAUTION.
Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.
Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,

CIRCUIT COURT, ROCK COUNTY—IN EQUITY.
William M. Tallman, complainant, vs. William Trusdell et al., defendants.
IN pursuance of a decretal order of the circuit court for Rock county, in equity, made in the above entitled cause on the eighth day of February, A. D. 1854, will be sold by and under the direction of the sheriff of Rock county, at public auction, at the court house, in the city of Janesville in said county, on the 16th day of August, A. D. 1854, at ten o'clock in the forenoon, all those certain pieces, parcels or tracts of land situate, lying and being in the town of Janesville, in the county of Rock and state of Wisconsin, and known and distinguished as follows, viz: Beginning three hundred and forty feet northerly from Milwaukee street and twenty feet easterly from the race way, running thence parallel with said race way eighty feet, thence at right angles to Rock River, thence along said river eighty feet, and then in a straight line to the place of beginning. The lots hereby intended to be described being lots eight and nine, in the Janesville water power. Also, the perpetual use of one thousand square inches of water, to be drawn under a head of four feet, or water sufficient under any other greater head to produce a power equal to the power produced by the aforesaid number of inches under the aforesaid head. DEEDS and MORTGAGES for sale at this Office.

KIER'S ROCK OIL,
FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.
Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.
IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.
Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.
HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

CELEBRRAED CATHOLICON,
FOR THE RELIEF AND CURE OF SUFFERING FEMALES.

It stands pre-eminent for its curative powers in all the diseases for which it is recommended, usually called *Female Complaints.* Of these are Prolapsus Uteri, or falling of the womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful Menstruation &c with all their accompanying evils, (Cancer excepted,) no matter how severe or of how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition. THE HIGH PRICES OF FOOD.—A respected correspondent inquires as to what causes the high prices of provisions, which, as he says, now occasion a great deal of suffering among those who work for their living in this city and other large towns, and who would be glad to have that living such as every honest and industrious laborer is fairly entitled to. Our correspondent inquires whether the present high prices are not owing to the fact that speculators bought up all the provisions last fall and winter? Very likely they did this—but so it will be every fall and winter, and we see no reason why men should not gamble with flour, or potatoes, or butter, for stakes as well as fancy stocks in Wall-st. The law of demand and supply must rule the prices of food as well as of other things. If more provisions were produced, the prices would be less, and there would be more difficulty in buying up and controlling the market. We have too many consumers for the producers, and we hope the difficulty of getting food will drive some thousands of them to the country to cultivate the millions of waste, rich acres, and grow their own provisions, and then they will have no occasion to grumble at high prices.

Our correspondent further inquires if the banks do not aid and encourage these provision speculators by loans upon long time? That is possible enough; but on the other hand, do not farmers encourage the banks by putting their money in their stocks instead of putting it in improvements on their farms so as to make more produce at less prices and better profits than they do now? What if all the farm produce we eat were grown by the use of the hoe alone, as many crops are in South Carolina and the lower part of Georgia? Would it not be even higher than it now is, with all the aid of banks and speculator's prices? And are not northern farmers generally, taking into view their superior opportunities, just as far behind the times in their modes of producing crops as the southern negro with his hoe? Why, if all the cultivated land in the United States were plowed on an average twelve inches deep instead of three inches or less as it is now, the produce of the country would be more than doubled without adding ten per cent. to the cost? And in that case, it is not too much to say that speculators would find better employment for their own, or their borrowed capital, than in buying up crops of grain, fruit, butter, cheese or meal, to peddle out to the poor unfortunates who work and starve in cities.

The evil complained of is not in the banks which furnish the money. It is much more the fault of the farmer who withdraws his capital to invest in bank stock or on bond and mortgage, and perhaps takes his own and his son's labor from the field to engage in trade or in the very speculation that our correspondent complains of. This consideration leads us to the remedy for this great evil suffered by all the working-class of towns and cities; grinding them down to a bare subsistence and weighing like an incubus on their hope for the future. All their efforts to increase their wages do no good—they live no better now than they did when they worked for just one-half what they get now; and thousands are in the same condition and do not know how to rid themselves of this curse of constant toil for a mere subsistence—for slave's wages. For the difficulty we repeat the old prescription. Quit the city. Go to tilling the soil. Be producers of food instead of consumers. Do not become like nine-tenths of the farmers in this country, mere land-drones; sometimes dogs in the manger, that get possession of land which they will neither cultivate themselves nor let anybody else cultivate. If you are too poor to buy land, you are not too poor to vote for men who will pass the homestead bill, and open the Great West to the hands of all who will give their labor to its soil and build homes on its rich prairies and swelling bluffs. You can vote too, for men who will shut up the hundreds of thousands of pauper manufactories in the country, which tax you twice as much as all the banks and speculators and high prices put together.—It is crime, and not speculation, that robs you and keeps you poor. It is for you to work out the great change that will bring you a proper reward for your labor, by your hands and your votes. But don't vote like a slave to your party any longer, and then you will not cry out against speculation nor think that bank loans are the cause of the high prices of provisions.—*N. Y. Tribune.*

IS IT PAINFUL TO DIE?—According to my observations the mere act of dying is seldom, in any sense of the word, a very painful process. It is true that some persons die in a state of bodily torture as in cases of tetanus; that the drunkard, dying of delirium tremens, is haunted by terrific visions; and that the victims of that most horrible of all diseases, hydrophobia, in addition to those peculiar bodily sufferings from which the disease has derived its name, may be in a state of terror from the supposed presence of frightful objects, which are presented to him as realities, even to the last. But these, and some other instances which I might adduce, are exceptions to the general rule—which is, that both mental and bodily suffering terminate long before the scene is finally closed. Then, as to the actual fear of death, it seems to me that the author of our existence, for the most part, gives it to us when it is intended that we should live, and takes it from us when it is intended that we should die. Those who have been long tormented by bodily pain are generally as anxious to die as they ever were to live. So it is often with those whose life has been protracted to an extreme old age, beyond the usual period of mortality, even when they labor under no actual disease.—*Psychological Inquiries.*

ROCK ISLAND ROAD.—If anything were wanting to show the immense travel through Chicago both to and from the great and fertile country west of us, the following statement of the earnings of a single one of our Illinois railroads leading west from Chicago, would be all sufficient. Just think of it! upwards of $2200 in cash *daily* from passengers alone, and nearly $2,000 *per day* for freight, with canal and other railroads almost parallel alongside of this road. The following is the statement of the Chicago and Rock Island railroad earnings for June, 1854:

From passengers,	$68,508,49
Freight and mails,	44,500,00
Total,	$113,008,49
" for May,	109,289,20
Increase,	$3,719,29

And yet this road has not been able to do all the freighting business that has been offered.—*Chicago Tribune.*

PETTIT.—The new democratic apostle, who scouts the declaration of independence as a *lie*, is thus spoken of by Mr. Benton, in a recent letter to a citizen of Indiana:

"Sir, your senator (Pettit) is a great liar and a dirty dog, falsifying public history for a criminal purpose."

This is more expressive than elegant, certainly, but it may nevertheless be true. If Pettit's character be properly delineated by Benton, we do not see why he should quarrel with the declaration of independence, even if his estimate of it should be the right one.—*Chicago Tribune.*

The Daily Gazette.

WEDNESDAY MORNING, JULY 12, 1854.

Home Interests.

For a long time past, the great and absorbing interest in the minds of the citizens of this place has been *railroads*; and it may well be questioned whether there are not other interests, really of equal importance, which have been too much lost sight of, too much superceded by this one. No better natural advantages for a large mechanical and manufacturing business can be found anywhere than at this place. We have several manufacturing establishments, and a number of mechanics and machinists, that are doing a fine business, but our natural facilities can by no means be said to be developed. The hydraulic power of Rock river has scarcely began to be occupied. For a mile or two, or three, within the limits of this city, its banks might be lined with mills and factories, and yet this power be unexhausted. We are yet importing a thousand articles of domestic and agricultural use which ought to be manufactured here, sending money abroad to pay for them, which ought to be used here in making us more independent of foreign manufactures. Who thinks railroads would not find their way to us without many extra inducements, if this power was more fully occupied and these articles more extensively manufactured?

Then there are our schools. Have we any reason to be over proud of the exertions we have put forth in this direction? It is true we have had and have now, some excellent schools. But they have thus far been sustained by the perseverance of teachers, aided and encouraged by only a few individuals, in spite of the disheartening apathy of a majority of our citizens upon this subject. Our school houses are too small and too few to accommodate the great number of pupils registered upon the school list. We have an excellent superintendent and enjoy a most munificent public fund to support schools, yet a want of proper interest and harmony of feeling and action upon the subject, by our citizens, deprives us of the advantages we ought to reap from the services of the one and the use of the other. We have no comparisons to make with other towns, but when we are asked "what are the educational advantages of your city," candor and truth impel us to answer, "not what they should be." Is this state of things necessary? By no means. Let us turn our attention to this truly important subject at once. It is of vast consequence to us. It is an investment of effort that will pay—and as for means, we are expending enough every year, if it were done under a proper system, to endow and support the best of schools and plenty of them. How much longer shall these means be misapplied through want of system and concert of action. We trust not long.

Nobody can find fault as a general thing, with the manner in which our hotels are kept. Their character stands well in comparison with any others. But though well provided with room and accommodations, how inadequate have they been to meet the rush of travel that has centered here this season. People enough have been turned away, or sent to private houses, to say nothing of those who knowing the difficulty of obtaining comfortable quarters have been diverted to other points, to abundantly support a first class hotel. Property holders would make money to *give* the stock to some responsible company that would enter into bonds to build, furnish and maintain such a hotel. Would it not be well that some of our superfluous anxiety about railroads be expended upon this subject? That while we are so busy in devising facilities for people to come here, we look a little further and provide accommodations for them when arrived? Will you think of these things, and may we not further ask, will you act upon them?

MICHIGAN.—The anti-Nebraska convention which met at Jackson a few days since is said to have been very fully attended and made the following nominations. For governor, Kingsley S. Bingham; lieutenant governor, Geo. A. Coe; secretary of state, John McKinney; treasurer Silas M. Holmes; attorney general, Jacob M. Howard; auditor general, Whitney Jones; land commissioner, Seymour B. Treadwell; Superintendent public instruction, Ira Mayhew; board of education, John R. Kellogg—to fill vacancy Hiram L. Miller.

☞ A typographical blunder that carries its character on its face, or affords an intelligent reader a chance to make his own correction, we usually let take its run. But occasionally one occurs that requires a formal notice, and such a one will be found in the advertisement of Mrs. La Dow yesterday. If the reader will call *crayolithic* painting what is there named "cheysolithic," he will be much nearer right than the types were when they gave so bad a misnomer to a new style of a really desirable art.

☞ Thomas Shea, Edward Fitzgerald, Ellen Fitzgerald and William Neil, are undergoing examination as witnesses before a jury of inquest in the murder case of Connor.

CONNECTICUT.—The legislature of Connecticut adjourned *sine die*, on Saturday morning, 1st, after a session of nearly two months—during which time two United States senators, a chief justice and judge of the superior court of the state have been elected, numerous other inferior offices filled, banks chartered, a Maine law passed; above all, Connecticut has spoken in a loud and indignant tone against the perpetration of the Nebraska iniquity. A bill to repeal the act allowing temporary residents in Connecticut to retain their slaves, was rejected by the house of representatives on Friday, by a vote of 68 to 99. The same body passed the bill to repeal the act allowing theatrical exhibitions, which had previously passed the senate, by a vote of 129 to 64. Also the bill prohibiting the use of the prisons of the state, for confinement of fugitive slaves, by a vote of 70 to 63.

☞ The intimate conection of the Messrs Schuyler of New York with several Wisconsin and other western railroads gives any information concerning them or their financial operations peculiar interest to our readers, and hence we have published such facts as we have found credibly reported. To what we have already given we add the following from the New York Evening Post:

THE SCHUYLER FAILURE.—The fraud committed by Robert Schuyler continues to be the great topic of conversation. There is reason to believe that he is now in Canada. The last that was seen of him was on Tuesday morning, the 4th of July, at his residence in Twenty-second street, when his brother-in-law, Mr. Bowdoin, left him. He has been heard of since at Saratoga, in the cars bound for Burlington, Vermont, there he doubtless designed to take the steamer for Canada. At the board of Brothers to-day, it was announced that he was in Canada. The day before he left, on the 3d of July, he and his brother executed an assignment of all the property belonging to the firm, as well as his individual property, to Messrs. Bowdoin & Barlow, attorneys at number 65 Merchant's Exchange.

The assignment, we have been informed by Mr. Bowdoin, is made for the benefit of all the creditors without preference, and the assignees have taken possesion of the property, and will as soon as possible make a public report on the condition of the estate, its liabilities and assets.

George. L. Schuyler has not seen his brother since Monday, and says "he never expects to see him again." He says, also, that he is not aware of the firm being benefitted in any way by the large sums arising out of the hypothecation of the spurious stock.

In consequence of the assignment of all his property, George L. Schuyler has resigned the presidency of the Harlem Railroad company; in consequence of which the directors of which have been called together, and are now in session at Nelson Robinson's office in Wall street. They intend, we learn, for general satisfaction, though no suspicion attaches to any misdoings in the Harlem company, in which Robert Schuyler has had no power for the past year, to make a thorough examination into its affairs, and to report the result

One of the many incidents publicly mentioned in connection with this gigantic fraud is that Cornelius Vanderbilt had an interview with Robert Schuyler subsequently to the announcement of the failure—offered him at once a check for $150,000, and tendered further assistance to the extent of even three millions, if necessary, and would carry the New Haven and Harlem stocks at par, if Robert Schuyler would only assure him that "all was right." To this Robert Schuyler made no other reply than shaking his head. No such assurance could be given. The enormity of this crime, committed by an old member of one of the most aristocratic families, and the grandson of Gen'l Schuyler of the revolution, has produced a shock in financial circles from which the country will not soon recover.

As a matter of course, since the discovery of this great fraud, everything pertaining to the past history of Robert Schuyler is seized upon with great avidity. The matter of his secret marriage is much discussed. This was unknown to a majority of people until since the failure.—Mr. Schuyler had been living as a bachelor, and was supposed to be a bachelor until a few months since, it was discovered that he had been privately married many years previous, and had a family of children, one or two of whom had grown up and got married. They had gone under the name Spicer. Mr. Schuyler's explanation was that he saw a pretty girl with whom he fell in love; she was poor and he knew his family would object to the match; so he married her privately, and had never divulged the secret.

The amount of New York and New Haven railroad stock illegally issued by Robert Schuyler is reported by a committee of the directors at about 20,000 shares, of a cash value *of two millions of dollars*. He is also said to have applied to his own use $300,000 received from the sale of the bonds of the Harlem railroad. The exact extent to which he has involved the western roads with which the firm of Schuyler & Co. was connected cannot yet be told. We are glad to learn that three of them, the Lake Shore, the Racine, and the Milwaukee and Watertown, will not suffer materially.

A SIGNIFICANT MOVEMENT.—The call for an anti-Nebraska state convention in New York, noticed yesterday, is one of the most significant movements of the day. It is issued over the names of such men as Moses H. Grinnell, A. C. Flagg, W. C. Bryant, Minthorn Tompkins, John A. and Charles King, Joseph and G. W. Blunt, David Lord, H. Ward Beecher, and others equally well known, who have been prominent for years in the different parties existing in the country. It is also endorsed by leading members of all the old political organisations.

The objects avowed in the call are:

For the protection of the free states from southern aggression and northern treachery;

For the recovery of the rights of the free states as an integral part of the Union; and

For the rescue of the general government from the control of the slave power.

As a means of accomplishing these objects, the following topics are suggested for the consideration of the convention:

First. The propriety of convening a congress of delegates from all the free states and territories, and from such portions of the slave states as sympathize with the objects proposed for consideration in the general call of this convention.

Second. The necessity of thorough preparation for the fall elections, that none may be sent to the congress of the United States, except those who can be relied on for a firm and unflinching opposition to the designs and encroachments of the slave representation.

Third. The best method of permanently restricting the institution of slavery to the limits prescribed by the Missouri compromise, and the absolute and complete release of the people of the free states from any participation in or responsibility for its longer existence.

This call contemplates a thorough *fusion* of parties for a specific purpose, and has the sanction of names that will give it significance and importance throughout the Union. It is not liable to the objection and little subject to the hazards of a mere coalition of two or more parties in the minority against a dominant party; but involves, if successful,—and the auspices and circumstances under which it is ushered into being seems an absolute warrantee of success,—a subversion of all old organisations, and the re-construction of portions at least of each into a powerful and triumphant party. Such a movement in New York will be likely to be followed in other free states; then comes counter combinations in the slave states, and the "agitation" so wantonly and needlessly renewed by the south will convulse the country beyond anything yet known in its history. The conservative feeling of the north may deplore and would willingly decline such a contest, but it cannot evade the issue, and ought not if it could. The battle, once begun, must be fought till defeat or victory closes the contest.

THE REPULSE AT SILISTRIA.—The Journal de Constantinople gives the following account of an attack made by the Russians on the south-west outworks of Silistria, and their disastrous defeat. The Turks fought like fiends:

Three storming corps of 10,000 men each, formed with a battalion of engineer sappers, with fascines and scaling ladders, at their head. Before the men set to work they were addressed by prince Paskiewitsch, who urged them to exertion, "as, if they did not succeed in taking the fortress, he should be obliged to keep back their rations." After this encouragement two of the corps proceeded toward the fort of Arab Tabia and Yelanli; the third corps was to act as a reserve.

After a terrific cannonade the storming parties advanced, but were received by the Turks with such a well directed fire that for a time they made but little progress. The Russians, however, fought bravely, and having managed to scale the breastwork of one of the batteries, a regular hand-to-hand fight took place. At last the Turks were victorious, and the unfortunate besiegers were knocked into the ditches with the butt-ends of the Turkish muskets. The Russians had evidently lost courage, and when they returned to the attack, it was only because they were forced to do so by the officers.

When there was literally no more fight in the men, a retreat was sounded, and the Russians carried off as many of their dead and wounded as they could. The Turks, after their enemies had retired, picked up 1,500 dead bodies, a great number of guns, swords, drums, musical instruments, and the colors of a battalion.

General Dannenburgh has succeeded to the chief command of the Russians forces of the Danube, in consequence of the wounds received by the general in command.

General Lucers had his jaw carried away by a cannon ball.

WHEAT IN THE GENESEE COUNTRY.—The Rochester American speaks somewhat despondingly of the wheat crop in the Genesee country, having learned "from an intelligent gentleman who has just passed through Ontario, Livingston and a part of Monroe counties, that all late sown wheat looks very badly and will not yield over some ten bushels to the acre. This partial failure is ascribed to winter-killing and the severe weather that occurred in the last half of the month of March. The wheat fly, called "weevil" is at work; and has alarmed many farmers. This insect is a new enemy in the valley of the Genesee and no one knows how far its ravages may extend."

Another account, the Buffalo Courier says:

From what we have been able to gather from the farmers of Genesee, Orleans, Niagara, and Wyoming, and from portions of Erie, Cattaraugus and Chautauque, we are led to believe that the wheat crop will be fully up to the average. The papers in those counties generally express that opinion.

Our fellow citizen, James Bradley, esq., has been appointed one of the associate justices of Nebraska territory. Mr. Bradley is a gentleman well qualified to discharge the duties of the office to which he has been appointed, and we are heartily glad that he has been fortunate in receiving the favor of this administration. On the subjects that now most agitate the political waters, Mr. B. is reliable, that is to say, he is fully committed against all Wilmot provisos, approves the fugitive slave law to the letter, and the repeal of the Missouri compromise, and don't object to the extension of slavery over all territory, wherever the people desire to be *blessed* with that domestic institution, at least so we have always understood him. He is not a new convert to these doctrines, and if the president wishes a judge for Nebraska, with these liberal democratic notions, we are confident that Mr. Bradley will "fill the bill."—*La Porte (Indiana) Whig.*

A Washington letter-writer intimates that the administration democrats of Vermont feel hurt at what they consider the neglect of the president. Their state, they say, voted heartily against him, and yet she is the only one of the four opposition states which has not been honored by the favorable notice of the executive. Massachusetts and Kentucky have each a representative in the cabinet, and a citizen of Tennessee holds the profitable and responsible position of printer to congress, to which he was elected in strict accordance with the wishes of the president. While Vermont, the only remaining one of four states which voted against him, has nothing. The complaint of Vermont seems reasonable—the more so as it cannot be doubted that the president might strengthen himself and the party as much by an important appointment from Vermont as he did by either of those named.—*Buff. Com. Adv.*

PENNSYLVANIA.—The Washington correspondent of the New York Express writes that "the prospect of a thorough whig victory in Pennsylvania, in October, increases daily. An experienced politician of superior advantages for acquiring information on this subject, has recently returned from a long visit to that state, and gives it as his opinion that the whig candidate for governor, Mr. Pollock, will beat Gov. Bigler, from 10,000 to 15,000 votes. He regards this result as inevitable, and the election of a large majority of the delegation to the next congress, by the whigs, as equally inevitable."

LOST BAGGAGE.—A decision was recently given in a New York court, of importance to hotel-keepers and travelers, relative to the liability of the former for lost baggage. The mooted question as to what constitutes the personal baggage of a traveler was entered into at length by the judge. Gold snuff-boxes and opera-glasses were excluded, while a bible and prayer book, and a gold letter seal, valued at fifteen dollars, were allowed. Judgment was rendered for the full amount of loss, excepting the snuff box and two opera glasses. The trunk was lost from a carriage belonging to the Metropolitan hotel, New York, Messrs. Leland, proprietors. The money in the trunk was decided to be at the risk of the owner.

We hear rumors of extensive damages in and about the neighborhood of Geneva lake occasioned by the waters of the lake breaking from their confinement and making a new channel of connection with Fox river. The rumors involve the tearing away of dams and mills both on the lake and river, and it is feared the lake will empty itself entirely. We get no particulars.—*Kenosha Telegraph, Monday.*

☞ The Racine County Democrat has been enlarged to a seven column paper.

NEW HAMPSHIRE.—When the Nebraska resolutions were under consideration, a motion to substitute resolutions in the house committing the whigs to their platform of 1852 was defeated.

The first resolution, declaring against the introduction of slavery into free territory, and the erection of any territory without its probibition, was adopted by 160 to 118.

The second resolution was passed by a vote of 155 to 119. It depreceated the repeal of the Missouri compromise.

The resolution approving of the course of Kittredge and Morrison, in voting against the Nebraska bill, in congress, passed by a vote of 156 to 110.

The resolution disapproving the course of senators Williams and Norris, and Hibbard of the house was also passed by a vote of 150 to 117.

The editor of the Philadelphia Courier says: "While at the 'Burning spring,' near Niagara, a few days ago, we were requested to enter the names of our party in the visitor's register, and, while complying observed that the registry had been suspended at about two-thirds down on the left hand page, and then continued at the top of the right. On seeking the cause, we found the last entry as follows:

'*Matt. F. Ward, Brothers and Servant.*'

Of course, that name had cast a blight upon the page forever; no honest man would add his name beneath that of the Cain-braided fugitive, but underneath was written, as by the hand of some recording angel, or crime-pursuing Nemesis—

"THE MURDERER!"

The hard shells of New York hold their state convention on Wednesday, the 12th inst., at Syracuse, to nominate a state ticket for governor, &c. The leaders are much puzzled to know what to say about the Nebraska bill. If it is introduced and voted on, it will shatter their party to fragments—for fully one half under the lead of Peckham, Wheeler and Bradly, are decided against it—while the other section under the lead of Cutting, Croswell and Walsh are as warmly for it. The N. Y. Herald advises them not to touch it at all—pass it over in silence. The Albany Argus and the Buffalo Courier insist upon an endorsement of it. We think that they will compromise, by approving of the principle of popular sovereignty so far as it is embraced in the bill, but at the same time not approving of the bill as it passed.—*Whig.*

YOUNG AMERICA OF THE FLASH SCHOOL.—In his lately published volume of lectures on "The Moral Aspects of City Life," Rev. E. H. Chapin says of Young America: "There are young men whose sole conception of enjoyment is concentrated in the word 'fast'—who grow fast, live fast, go fast on the tract to destruction with their own folly for a locomotive, and champagne and brandy for the steam power; converting themselves into liquor cases propping up door-posts, hanging over railings, and startling the dull ear of night with rickety melodies and war-whoops. There are others, half fop and half ruffian, who divide their time between the favorite racer and the pet pugilist, and whose idea of a millenium probably would be that of a protracted fourth of July."

GREAT EXCITEMENT IN GALENA.—Some person took it into his head to arrest several negroes (who have, as we understand it, long been residents of that place) under a law of Illinois designed to check black immigration to that state. Four blacks were arrested and taken before a magistrate but afterwards released on a writ of habeas corpus issued by Judge Sheldon. We think the act on the part of the getters up a very foolish thing.—*Dubuque Herald.*

OFFICE OF THE R. J. AND M. RAILROAD CO. }
Racine, Wis., July 8th, 1854. }

To the Stockholders and Public:

The directors of this company are happy in being able to announce, that in the failure of Messrs. R. & G. L. Schuyler, of New York city, who had contracted to furnish the rails and equipage for the road, we are involved in no loss whatever, except the possible delay of opening a portion of the line. No advances had been made to Messrs. Schuyler, and not a dollar of the securities of the company had been placed in their hands. The first division of the line from Racine to Fox river is ready to receive the rails. The grading, bridging, &c., of the whole line to Beloit, can now be completed in ninety days, and negotiations are already being made with new parties for the rails and rolling stock. The determination of the directors to have the first and a part of the second divisions of the line opened for business the coming fall, remains unchanged.

By order of the Board,
HENRY S. DURAND, President.

BY TELEGRAPH!

[REPORTED FOR THE JANESVILLE GAZETTE.]

WASHINGTON, July 10.

Senate.—Bill for construction of telegraph to the Pacific was debated and postponed. Homestead bill taken up.

House.—Mr. Fuller moved that committee be discharged from further consideration of the bill for the construction of four revenue cutters and to increase the pay of the revenue corps. Motion lost.

NEW YORK, July 10.

Judge Bronson has been sick for some days.—The Harlem company have cautioned the public against negotiating the certificates of Albany extension stock which has been fraudulently issued by Robert Schuyler. Dr. Richard Schuyler has been obliged to suspend payment. He was a large negotiator of loans and discounts for Messrs. Schuyler, and his name appears as endorser of $700,000.

EASTPORT, July 10.

A large fire occurred at Lubec consuming 14 plaster mills, 2 stores, 1 dwelling house, and 2 vessels. Loss estimated at $10,600.

THE HEAT.—The Chicago Tribune gives an understandable illustration of the heat on Monday, the 3d inst.—the hot day:

A Dutchman was being driven down Clark street yesterday, in an open wagon, and apparently sweltering under the broiling sun. Espying a five cent piece on the side walk, he jumped from the wagon to get it, but the hot bricks made him so sensitive that he quickly regained his seat, and sung out to the boy—"Hans, drive on! Mine God, h——*l is not one mile from dish place!*"

FISHING TO SOME PURPOSE.—Mr. T. Bovee, caught day before yesterday, in Fourth lake, four fine fat pickerel, the aggregate weight of which was 64 lbs. The largest weighed 22 lbs., and was served up to the guests of the Capitol house yesterday, "boiled, with egg sauce."—*Madison Argus, 8th.*

AN OFFSET.—Those persons who raise their eyes in horror, at the enormity of the offense committed by Cassius M. Clay in speaking on the "Fourth of July," against human slavery and the encroachments of slave power, will doubtless experience much satisfaction in the knowledge that S. A. Douglas, the same day made a speech in Philadelphia, in favor of the Nebraska swindle and against human freedom.—*Chicago Journal.*

In this department we have a very extensive assortment of White Crape, Square and long, Plain and Figured Cashmere, Black and Colored Silk, Barege, and everything in the Shawl line, from the lowest price to the best article in the market.

EMBROIDERY GOODS.

We probably have a better assortment of these Goods than all the rest of the stores in Janesville put together, consisting of Flowing Sleeves, Habits, Chemisetts, Collars &c., of the most fashionable goods in market, which will be sold at LOWER PRICES than ever before sold in this State. The attention of the Ladies is particularly directed to these Goods.

PARASOLS.

We have now on sale 1600 Parasols. Our immense stock in these goods compels us to say that we will undersell any establishment in this City, at least 25 per cent.

4000 Yards

Fine, Fast Colored French Ginghams this day received, that we are selling at 1s. per yard. They cannot be matched in town less than 1s. 6d. Call soon, if you want to save 50 per cent in Ginghams, as they are going fast.

BONNET AND BONNET RIBBONS;
Cheaper than the Cheapest.

READY-MADE CLOTHING.

Our Clothing Rooms are well stocked with the best made and most fashionable clothing in the market.—We have the most extensive assortment of all kinds of clothing in Rock county, and we shall keep up the reputation we have already gained, of underselling any of our neighbors. Among our stock may be found 1,000 Linen Coats, warranted linen, at 75 cents each.

BOOTS AND SHOES.

We have now in store over 20,000 pairs of BOOTS AND SHOES, of all descriptions, which the people are requested to take a look at. When they examine the goods and hear the prices, we know they will purchase.

CROCKERY AND GLASS WARE.

In these goods we have a very extensive stock of the best ware in the market. Persons wanting full sets of crockery, will do well to give us a call, as they will save at least 25 per cent, and get the very best of ware

GROCERIES.

As usual our stock of these goods is very large and complete, and the choicest kind of goods. We have a few more chests of that splendid YOUNG HYSON TEA, that we have been selling so much of. Good Sugar for 4½c.

In conclusion, we would say that we find the Cash System the only one that will win. We buy our goods wholly for cash, and shall sell them for the same, and no other way; and consequently those that buy and sell on a credit of a year, eighteen months or two years, as the case may be, cannot sell goods at our prices.—THAT'S SO! For the proof of our assertion, call and examine our goods and prices.

PIXLEY & KIMBALL,

DEALERS IN

HARDWARE,

Wholesale & Retail,

SIGN OF THE SAW, MAIN STREET, JANESVILLE.

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware,
Bar Iron, Steel, Nails,
Stoves, &c.,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of

AMERICAN, ENGLISH REFINED & SWEDES IRON, CAST, GERMAN, ENGLISH & AMERICAN BLISTER, TOE CALK, SPRING, COM. & CAST PLOW STEEL, of all sizes.

Also to the almost endless variety of superior

Carpenter, Joiner, Cooper, Blacksmith, Wagon-making and Farming TOOLS,
House Trimmings,
Chain and Cistern Pumps, Lead Pipe,
Cut and Wrought Nails and Spikes,
Tin Ware, Tinner's Stock,
Brittania and Japanned Ware,
Table and Pocket Cutlery,
Shears, Scissors, Razors, &c.

Our stock of

Cook and Parlor Stoves

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in SMALL LOTS, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

B. P. PIXLEY, [2] F. A. KIMBALL.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"*Sound the loud timbrel o'er land and o'er sea,*"
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of its immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents*, such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Eyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonparcils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Bed Pans for males or females, Pots for tea or chamber purposes, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till It o'errun the stew,*"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop, More in mock than mark.*"

HOLDEN, KEMP & Co.

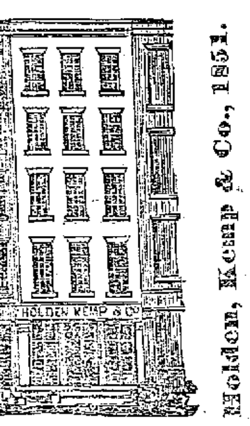

The Empire Drug Warehouse,

WHOLESALE AND RETAIL,

ESTABLISHED 1845!

THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,

The Great Regulator of the Drug Trade for the interior of the State,

THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value*, and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash*, enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design*, manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

Also, received and receiving an extensive assortment of

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade*, than the whole pile of petty dealers put together. And I know also that I can make it an object for Every Farmer in Rock County, as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason; which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received, over $3,000 worth of the very best brands of Eastern Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.

Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

THE DAILY GAZETTE.

☞ The Racine Advocate, of Monday, contains the following card:

Office of the R. J. and M. Railroad Co.,
Racine, Wis., July 8th, 1854.

To the Stockholders and Public:

The directors of this company are happy in being able to announce, that in the failure of Messrs. R. & G. L. Schuyler, of New York city, who had contracted to furnish the rails and equipage for the road, we are involved in no loss whatever, except the possible delay of opening a portion of the line. No advances had been made to Messrs. Schuyler, and not a dollar of the securities of the company had been placed in their hands. The first division of the line from Racine to Fox river is ready to receive the rails. The grading, bridging, &c., of the whole line to Beloit, can now be completed in ninety days, and negotiations are already being made with new parties for the rails and rolling stock. The determination of the directors to have the first and a part of the second divisions of the line opened for business the coming fall, remains unchanged.

By order of the Board,
Henry S. Durand, President.

☞ Graham's Magazine comes late this month, but the delay is amply compensated by the contents of the number, which are of a high order. The principal engraving is a superb picture, and the illustrations are of no common merit.

BY TELEGRAPH!

[REPORTED FOR THE JANESVILLE GAZETTE.]

Washington, July 10.

Senate.—Bill for construction of telegraph to the Pacific was debated and postponed. Homestead bill taken up.

House.—Mr. Fuller moved that committee be discharged from further consideration of the bill for the construction of four revenue cutters and to increase the pay of the revenue corps. Motion lost.

New York, July 10.

Judge Bronson has been sick for some days.—The Harlem company have cautioned the public against negotiating the certificates of Albany extension stock which has been fraudulently issued by Robert Schuyler. Dr. Richard Schuyler has been obliged to suspend payment. He was a large negotiator of loans and discounts for Messrs. Schuyler, and his name appears as endorser of $700,000.

Eastport, July 10.

A large fire occurred at Lubec consuming 14 plaster mills, 2 stores, 1 dwelling house, and 2 vessels. Loss estimated at $10,000.

The Heat.—The Chicago Tribune gives an understandable illustration of the heat on Monday, the 3d inst.—the hot day:

A Dutchman was being driven down Clark street yesterday, in an open wagon, and apparently sweltering under the broiling sun. Espying a five cent piece on the side walk, he jumped from the wagon to get it, but the hot bricks made him so sensitive that he quickly regained his seat, and sung out to the boy—"Hans, drive on! Mine God, h——l *is not one mile from dish place!*"

Fishing to some Purpose.—Mr. T. Boyce, caught day before yesterday, in Fourth lake, four fine fat pickerel, the aggregate weight of which was 64 lbs. The largest weighed 22 lbs., and was served up to the guests of the Capitol house yesterday, "boiled, with egg sauce."—*Madison Argus, 8th.*

An Offset.—Those persons who raise their eyes in horror, at the enormity of the offense committed by Cassius M. Clay in speaking on the "Fourth of July," against human slavery and the encroachments of slave power, will doubtless experience much satisfaction in the knowledge that S. A. Douglas, the same day made a speech in Philadelphia, in favor of the Nebraska swindle and against human freedom.—*Chicago Journal.*

The Spring & Summer Campaign of 1854, IS NOW OPEN.

A NEW WAR AGAINST HIGH PRICES OF MERCHANDISE HAS JUST BROKEN OUT, AT
THE LITTLE REGULATOR OF
The Dry Goods Trade.

JACKMAN, PARKER & CO. Are now receiving at their Store, corner of Main and Milwaukee streets, the most extensive assortment of Merchandise ever before received at any establishment in the State, consisting in part of a very general assortment of
STAPLE & FANCY DRY GOODS, READY MADE CLOTHING, HATS AND CAPS, BONNETS, BOOTS AND SHOES, GROCERIES, CROCKERY AND GLASS WARE, DRIED FRUIT, SALT, WATER LIME, GRIND STONES, &c.,
and every thing in the shape of Merchandise that is wanted in any town or city. In the

DRY GOODS

Department our stock is at present the largest, richest and most magnificent ever before offered in Janesville. We probably have a better assortment of these Goods than all the rest of the stores in Janesville put together, consisting of Flowing Sleeves, Habits, Chemisetts, Collars &c., of the most fashionable goods in market, which will be sold at LOWER PRICES than ever before sold in this State. The attention of the Ladies is particularly directed to these Goods.

PARASOLS.

We have now on sale 1600 Parasols. Our immense stock in these goods compels us to say that we will undersell any establishment in this City, at least 25 per cent.

4000 Yards

Fine, Fast Colored French Ginghams this day received, that we are selling at 1s. per yard. They cannot be matched in town less than 1s. 6d. Call soon, if you want to save 50 per cent in Ginghams, as they are going fast.

Cheaper than the Cheapest.

READY-MADE CLOTHING.

Our Clothing Rooms are well stocked with the best made and most fashionable clothing in the market.—We have the most extensive assortment of all kinds of clothing in Rock county, and we shall keep up the reputation we have already gained, of underselling any of our neighbors. Among our stock may be found 1,000 Linen Coats, warranted linen, at 75 cents each.

As usual our stock of these goods is very large and complete, and the choicest kind of goods. We have a few more chests of that splendid YOUNG HYSON TEA, that we have been selling so much of. Good Sugar for 4½c.

In conclusion, we would say that we find the Cash System the only one that will win. We buy our goods wholly for cash, and shall sell them for the same, and no other way; and consequently those that buy and sell on a credit of a year, eighteen months or two years, as the case may be, cannot sell goods at our prices.—THAT'S SO! For the proof of our assertion, call and examine our goods and prices.

SIGN OF THE SAW, MAIN STREET, JANESVILLE.

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware,
Bar Iron, Steel, Nails,
Stoves, &c.,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of
AMERICAN, ENGLISH REFINED & SWEDES IRON,
CAST, GERMAN, ENGLISH & AMERICAN BLISTER,
TOE CALK, SPRING, COM. & CAST PLOW STEEL,
of all sizes.

Also to the almost endless variety of superior
Carpenter, Joiner, Cooper, Blacksmith, Wagon-making and Farming TOOLS,
House Trimmings,
Chain and Cistern Pumps, Lead Pipe,

Our stock of

Cook and Parlor Stoves

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in small lots, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

B. F. PIXLEY, [2] F. A. KIMBALL.

AGAIN & AGAIN
THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea,"
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Eyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufactured of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said
"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain
"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are
"Heaven's last, best gift to man,"
the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do.,
PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

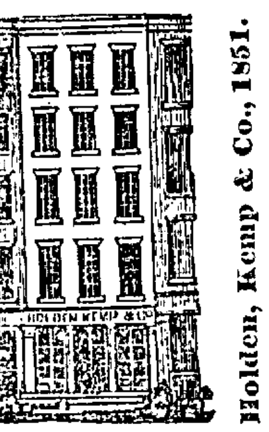

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Bed Pans for males or females, Pots for tea or chamber purposes, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have
"Often seen corruption boil and bubble till It o'errun the stew,"
they will find that the representations which shall be made to them by that proprietor or his clerks will not
"Stand like forfeits in a Barber shop, More in mock than mark."

HOLDEN, KEMP & Co.
The Empire Drug Warehouse,
WHOLESALE AND RETAIL,
ESTABLISHED 1845!
THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,
The Great Regulator of the Drug Trade for the interior of the State,
THE EMPIRE DRUG STORE.

Having been engaged in the
WHOLESALE AND RETAIL DRUG BUSINESS
here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted.

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying of first hands, for *Net Cash,* enables us to offer great inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

in this class of goods, our stock will always be found the largest in the Interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design,* manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

In particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent, than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for Every Farmer in Rock County, as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock cast and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of Eastern Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.

Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved,* by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente,* are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood —skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done —take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

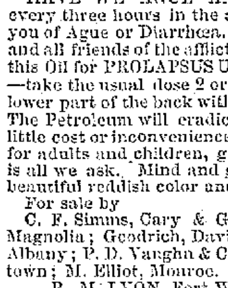

For sale by HOLDEN KEMP & CO., C. F. Simms, Cary & Gordon, Beloit; G. W. Kinsie, Magnolia; Goodrich, Davis & Co., Milton; S. A. Pond, Albany; P. D. Vaughn & Co., Union; H. Cheney, Johnstown; M. Elliot, Monroe. 43m3

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of
PULVERMACHER'S
Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES
Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.
HISTORY.
Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.
THE WORLD IS CHALLENGED
to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.
Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.
All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.
The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.
CAUTION.
Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.
Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,

DEEDS and MORTGAGES for sale at this Office.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.
Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.
IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Napthat.* When you once have it in the family you will not be without it.
Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.
HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be peculiarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,

THE HIGH PRICES OF FOOD.—A respected correspondent inquires as to what causes the high prices of provisions, which, as he says, now occasion a great deal of suffering among those who work for their living in this city and other large towns, and who would be glad to have that living such as every honest and industrious laborer is fairly entitled to. Our correspondent inquires whether the present high prices are not owing to the fact that speculators bought up all the provisions last fall and winter? Very likely they did this—but so it will be every fall and winter, and we see no reason why men should not gamble with flour, or potatoes, or butter, for stakes as well as fancy stocks in Wall-st. The law of demand and supply must rule the prices of food as well as of other things. If more provisions were produced, the prices would be less, and there would be more difficulty in buying up and controlling the market. We have too many consumers for the producers, and we hope the difficulty of getting food will drive some thousands of them to the country to cultivate the millions of waste, rich acres, and grow their own provisions, and then they will have no occasion to grumble at high prices.

Our correspondent further inquires if the banks do not aid and encourage these provision speculators by loans upon long time? That is possible enough; but on the other hand, do not farmers encourage the banks by putting their money in their stocks instead of putting it in improvements on their farms so as to make more produce at less prices and better profits than they do now? What if all the farm produce we eat were grown by the use of the hoe alone, as many crops are in South Carolina and the lower part of Georgia? Would it not be even higher than it now is, with all the aid of banks and speculator's prices? And are not northern farmers generally, taking into view their superior opportunities, just as far behind the times in their modes of producing crops as the southern negro with his hoe? Why, if all the cultivated land in the United States were plowed on an average twelve inches deep instead of three inches or less as it is now, the produce of the country would be more than doubled without adding ten per cent. to the cost? And in that case, it is not too much to say that speculators would find better employment for their own, or their borrowed capital, than in buying up crops of grain, fruit, butter, cheese or meal, to peddle out to the poor unfortunates who work and starve in cities.

The evil complained of is not in the banks which furnish the money. It is much more the fault of the farmer who withdraws his capital to invest in bank stock or on bond and mortgage, and perhaps takes his own and his son's labor from the field to engage in trade or in the very speculation that our correspondent complains of. This consideration leads us to the remedy for this great evil suffered by all the working-class of towns and cities; grinding them down to a bare subsistence and weighing like an incubus on their hope for the future. All their efforts to increase their wages do no good—they live no better now than they did when they worked for just one-half what they get now; and thousands are in the same condition and do not know how to rid themselves of this curse of constant toil for a mere subsistence—for slave's wages. For the difficulty we repeat the old prescription. Quit the city. Go to tilling the soil. Be producers of food instead of consumers. Do not become like nine-tenths of the farmers in this country, mere land-drones; sometimes dogs in the manger, that get possession of land which they will neither cultivate themselves nor let anybody else cultivate. If you are too poor to buy land, you are not too poor to vote for men who will pass the homestead bill, and open the Great West to the hands of all who will give their labor to its soil and build homes on its rich prairies and swelling bluffs. You can vote too, for men who will shut up the hundreds of thousands of pauper manufactories in the country, which tax you twice as much as all the banks and speculators and high prices put together.—It is crime, and not speculation, that robs you and keeps you poor. It is for you to work out the great change that will bring you a proper reward for your labor, by your hands and your votes. But don't vote like a slave to your party any longer, and then you will not cry out against speculation nor think that bank loans are the cause of the high prices of provisions.—*N. Y. Tribune.*

IS IT PAINFUL TO DIE?—According to my observations the mere act of dying is seldom, in any sense of the word, a very painful process. It is true that some persons die in a state of bodily torture as in cases of tetanus; that the drunkard, dying of delirium tremens, is haunted by terrific visions; and that the victims of that most horrible of all diseases, hydrophobia, in addition to those peculiar bodily sufferings from which the disease has derived its name, may be in a state of terror from the supposed presence of frightful objects, which are presented to him as realities, even to the last. But these, and some other instances which I might adduce, are exceptions to the general rule—which is, that both mental and bodily suffering terminate long before the scene is finally closed. Then, as to the actual fear of death, it seems to me that the author of our existence, for the most part, gives it to us when it is intended that we should live, and takes it from us when it is intended that we should die. Those who have been long tormented by bodily pain are generally as anxious to die as they ever were to live. So it is often with those whose life has been protracted to an extreme old age, beyond the usual period of mortality, even when they labor under no actual disease.—*Psychological Inquiries.*

ROCK ISLAND ROAD.—If anything were wanting to show the immense travel through Chicago both to and from the great and fertile country west of us, the following statement of the earnings of a single one of our Illinois railroads leading west from Chicago, would be all sufficient. Just think of it! upwards of $2200 in cash *daily* from passengers alone, and nearly $2,000 *per day* for freight, with a canal and other railroads almost parallel along-side of this road. The following is the statement of the Chicago and Rock Island railroad earnings for June, 1854:

From passengers,	$68,508,49
Freight and mails,	44,500,00
Total,	$113,008,49
" for May,	109,289,20
Increase,	$3,719,29

And yet this road has not been able to do all the freighting business that has been offered.—*Chicago Tribune.*

PETTIT.—The new democratic apostle, who scouts the declaration of independence as a *lie*, is thus spoken of by Mr. Benton, in a recent letter to a citizen of Indiana:

"Sir, your senator (Pettit) is a great liar and a dirty dog, falsifying public history for a criminal purpose."

This is more expressive than elegant, certainly, but it may nevertheless be true. If Pettit's character be properly delineated by Benton, we do not see why he should quarrel with the declaration of independence, even if his estimate of it should be the right one.—*Chicago Tribune.*

The Daily Gazette.

WEDNESDAY MORNING, JULY 12, 1854.

Home Interests.

For a long time past, the great and absorbing interest in the minds of the citizens of this place has been *railroads;* and it may well be questioned whether there are not other interests, really of equal importance, which have been too much lost sight of, too much superceded by this one. No better natural advantages for a large mechanical and manufacturing business can be found anywhere than at this place. We have several manufacturing establishments, and a number of mechanics and machinists, that are doing a fine business, but our natural facilities can by no means be said to be developed. The hydraulic power of Rock river has scarcely begun to be occupied. For a mile or two, or three, within the limits of this city, its banks might be lined with mills and factories, and yet this power be unexhausted. We are yet importing a thousand articles of domestic and agricultural use which ought to be manufactured here, sending money abroad to pay for them, which ought to be used here in making us more independent of foreign manufactures. Who thinks railroads would not find their way to us without many extra inducements, if this power was more fully occupied and these articles more extensively manufactured?

Then there are our schools. Have we any reason to be over proud of the exertions we have put forth in this direction? It is true we have had and have now, some excellent schools. But they have thus far been sustained by the perseverance of teachers, aided and encouraged by only a few individuals, in spite of the disheartening apathy of a majority of our citizens upon this subject. Our school houses are too small and too few to accommodate the great number of pupils registered upon the school list. We have an excellent superintendent and enjoy a most munificent public fund to support schools, yet a want of proper interest and harmony of feeling and action upon the subject by our citizens, deprives us of the advantages we ought to reap from the services of the one and the use of the other. We have no comparisons to make with other towns, but when we are asked "what are the educational advantages of your city," candor and truth impel us to answer, "not what they should be." Is this state of things necessary? By no means. Let us turn our attention to this truly important subject at once. It is of vast consequence to us. It is an investment of effort that will pay—and as for means, we are expending enough every year, if it were done under a proper system, to endow and support the best of schools and plenty of them. How much longer shall these means be misapplied through want of system and concert of action. We trust not long.

Nobody can find fault as a general thing, with the manner in which our hotels are kept. Their character stands well in comparison with any others. But though well provided with room and accommodations, how inadequate have they been to meet the rush of travel that has centered here this season. People enough have been turned away, or sent to private houses, to say nothing of those who knowing the difficulty of obtaining comfortable quarters have been diverted to other points, to abundantly support a first class hotel. Property holders would make money to *give* the stock to some responsible company that would enter into bonds to build, furnish and maintain such a hotel. Would it not be well that some of our superfluous anxiety about railroads be expended upon this subject? That while we are so busy in devising facilities for people to come here, we look a little further and provide accommodations for them when arrived? Will you think of these things, and may we not further ask, will you act upon them?

MICHIGAN.—The anti-Nebraska convention which met at Jackson a few days since is said to have been very fully attended and made the following nominations. For governor, Kingsley S. Bingham; lieutenant governor, Geo. A. Coe; secretary of state, John McKinney; treasurer Silas M. Holmes; attorney general, Jacob M. Howard; auditor general, Whitney Jones; land commissioner, Seymour B. Treadwell; Superintendent public instruction, Ira Mayhew; board of education, John R. Kellogg—to fill vacancy Hiram L. Miller.

☞ A typographical blunder that carries its character on its face, or affords an intelligent reader a chance to make his own correction, we usually let take its run. But occasionally one occurs that requires a formal notice, and such a one will be found in the advertisement of Mrs. La Dow yesterday. If the reader will call *crayolithic* painting what is there named "chrysolithic," he will be much nearer right than the types were when they gave so bad a misnomer to a new style of a really desirable art.

☞ Thomas Shea, Edward Fitzgerald, Ellen Fitzgerald and William Neil, are undergoing examination as witnesses before a jury of inquest in the murder case of Connor.

CONNECTICUT.—The legislature of Connecticut adjourned *sine die*, on Saturday morning, 1st, after a session of nearly two months—during which time two United States senators, a chief justice and judge of the superior court of the state have been elected, numerous other inferior offices filled, banks chartered, a Maine law passed; above all, Connecticut has spoken in a loud and indignant tone against the perpetration of the Nebraska iniquity. A bill to repeal the act allowing temporary residents in Connecticut to retain their slaves, was rejected by the house of representatives on Friday, by a vote of 68 to 99. The same body passed the bill to repeal the act allowing theatrical exhibitions, which had previously passed the senate, by a vote of 129 to 61. Also the bill prohibiting the use of the prisons of the state, for confinement of fugitive slaves, by a vote of 70 to 63.

☞ The intimate conection of the Messrs Schuyler of New York with several Wisconsin and other western railroads gives any information concerning them or their financial operations peculiar interest to our readers, and hence we have published such facts as we have found credibly reported. To what we have already given we add the following from the New York Evening Post:

THE SCHUYLER FAILURE.—The fraud committed by Robert Schuyler continues to be the great topic of conversation. There is reason to believe that he is now in Canada. The last that was seen of him was on Tuesday morning, the 4th of July, at his residence in Twenty-second street, when his brother-in-law, Mr. Bowdoin, left him. He has been heard of since at Saratoga, in the cars bound for Burlington, Vermont, there he doubtless designed to take the steamer for Canada. At the board of Brothers to-day, it was announced that he was in Canada. The day before he left, on the 3d of July, he and his brother executed an assignment of all the property belonging to the firm, as well as his individual property, to Messrs. Bowdoin & Barlow, attorneys at number 65 Merchant's Exchange.

The assignment, we have been informed by Mr. Bowdoin, is made for the benefit of all the creditors without preference, and the assignees have taken possesion of the property, and will as soon as possible make a public report on the condition of the estate, its liabilities and assets.

George. L. Schuyler has not seen his brother since Monday, and says "he never expects to see him again." He says, also, that he is not aware of the firm being benefitted in any way by the large sums arising out of the hypothecation of the spurious stock.

In consequence of the assignment of all his property, George L. Schuyler has resigned the presidency of the Harlem Railroad company; in consequence of which the directors of which have been called together, and are now in session at Nelson Robinson's office in Wall street. They intend, we learn, for general satisfaction, though no suspicion attaches to any misdoings in the Harlem company, in which Robert Schuyler has had no power for the past year, to make a thorough examination into its affairs, and to report the result

One of the many incidents publicly mentioned in connection with this gigantic fraud is that Cornelius Vanderbilt had an interview with Robert Schuyler subsequently to the announcement of the failure—offered him at once a check for $150,000, and tendered further assistance to the extent of even three millions, if necessary, and would carry the New Haven and Harlem stocks at par, if Robert Schuyler would only assure him that "all was right." To this Robert Schuyler made no other reply than shaking his head. No such assurance could be given. The enormity of this crime, committed by an old member of one of the most aristocratic families, and the grandson of Gen'l Schuyler of the revolution, has produced a shock in financial circles from which the country will not soon recover.

As a matter of course, since the discovery of this great fraud, everything pertaining to the past history of Robert Schuyler is seized upon with great avidity. The matter of his secret marriage is much discussed. This was unknown to a majority of people until since the failure.—Mr. Schuyler had been living as a bachelor, and was supposed to be a bachelor until a few months since, it was discovered that he had been privately married many years previous, and had a family of children, one or two of whom had grown up and got married. They had gone under the name Spicer. Mr. Schuyler's explanation was that he saw a pretty girl with whom he fell in love; she was poor and he knew his family would object to the match; so he married her privately, and had never divulged the secret.

The amount of New York and New Haven railroad stock illegally issued by Robert Schuyler is reported by a committee of the directors at about 20,000 shares, of a cash value *of two millions of dollars.* He is also said to have applied to his own use $300,000 received from the sale of the bonds of the Harlem railroad. The exact extent to which he has involved the western roads with which the firm of Schuyler & Co. was connected cannot yet be told. We are glad to learn that three of them, the Lake Shore, the Racine, and the Milwaukee and Watertown, will not suffer materially.

A SIGNIFICANT MOVEMENT.—The call for an anti-Nebraska state convention in New York, noticed yesterday, is one of the most significant movements of the day. It is issued over the names of such men as Moses H. Grinnell, A. C. Flagg, W. C. Bryant, Minthorn Tompkins, John A. and Charles King, Joseph and G. W. Blunt, David Lord, H. Ward Beecher, and others equally well known, who have been prominent for years in the different parties existing in the country. It is also endorsed by leading members of all the old political organisations.

The objects avowed in the call are:

For the protection of the free states from southern aggression and northern treachery;

For the recovery of the rights of the free states as an integral part of the Union; and

For the rescue of the general government from the control of the slave power.

As a means of accomplishing these objects, the following topics are suggested for the consideration of the convention:

First. The propriety of convening a congress of delegates from all the free states and territories, and from such portions of the slave states as sympathize with the objects proposed for consideration in the general call of this convention.

Second. The necessity of thorough preparation for the fall elections, that none may be sent to the congress of the United States, except those who can be relied on for a firm and unflinching opposition to the designs and encroachments of the slave representation.

Third. The best method of permanently restricting the institution of slavery to the limits prescribed by the Missouri compromise, and the absolute and complete release of the people of the free states from any participation in or responsibility for its longer existence.

This call contemplates a thorough *fusion* of parties for a specific purpose, and has the sanction of names that will give it significance and importance throughout the Union. It is not liable to the objection and little subject to the hazards of a mere coalition of two or more parties in the minority against a dominant party; but involves, if successful,—and the auspices and circumstances under which it is ushered into being seem an absolute warrantee of success,—a subversion of all old organisations, and the re-construction of portions at least of each into a powerful and triumphant party. Such a movement in New York will be likely to be followed in other free states; then comes counter combinations in the slave states, and the "agitation" so wantonly and needlessly renewed by the south will convulse the country beyond anything yet known in its history. The conservative feeling of the north may deplore and would willingly decline such a contest, but it cannot evade the issue, and ought not if it could. The battle, once begun, must be fought till defeat or victory closes the contest.

THE REPULSE AT SILISTRIA.—The Journal de Constantinople gives the following account of an attack made by the Russians on the south-west outworks of Silistria, and their disastrous defeat. The Turks fought like fiends:

Three storming corps of 10,000 men each, formed with a battalion of engineer sappers, with fascines and scaling ladders, at their head. Before the men set to work they were addressed by prince Paskiewitsch, who urged them to exertion, "as, if they did not succeed in taking the fortress, he should be obliged to keep back their rations." After this encouragement two of the corps proceeded toward the fort of Arab Tabia and Yelanli; the third corps was to act as a reserve.

After a terrific cannonade the storming parties advanced, but were received by the Turks with such a well directed fire that for a time they made but little progress. The Russians, however, fought bravely, and having managed to scale the breastwork of one of the batteries, a regular hand-to-hand fight took place. At last the Turks were victorious, and the unfortunate besiegers were knocked into the ditches with the butt-ends of the Turkish muskets. The Russians had evidently lost courage, and when they returned to the attack, it was only because they were forced to do so by the officers.

When there was literally no more fight in the men, a retreat was sounded, and the Russians carried off as many of their dead and wounded as they could. The Turks, after their enemies had retired, picked up 1,500 dead bodies, a great number of guns, swords, drums, musical instruments, and the colors of a battalion.

General Dannenburgh has succeeded to the chief command of the Russians forces of the Danube, in consequence of the wounds received by the general in command.

General Lucers had his jaw carried away by a cannon ball.

WHEAT IN THE GENESEE COUNTRY.—The Rochester American speaks somewhat despondingly of the wheat crop in the Genesee country, having learned "from an intelligent gentleman who has just passed through Ontario, Livingston and a part of Monroe counties, that all late sown wheat looks very badly and will not yield over some ten bushels to the acre. This partial failure is ascribed to winter-killing and the severe weather that occurred in the last half of the month of March. The wheat fly, called "weevil" is at work; and has alarmed many farmers. This insect is a new enemy in the valley of the Genesee and no one knows how far its ravages may extend."

Another account, the Buffalo Courier says:

From what we have been able to gather from the farmers of Genesee, Orleans, Niagara, and Wyoming, and from portions of Erie, Cattaraugus and Chautauque, we are led to believe that the wheat crop will be fully up to the average. The papers in those counties generally express that opinion.

Our fellow citizen, James Bradley, esq., has been appointed one of the associate justices of Nebraska territory. Mr. Bradley is a gentleman well qualified to discharge the duties of the office to which he has been appointed, and we are heartily glad that he has been fortunate in receiving the favor of this administration. On the subjects that now most agitate the political waters, Mr. B. is reliable, that is to say, he is fully committed against all Wilmot provisos, approves the fugitive slave law to the letter, and the repeal of the Missouri compromise, and don't object to the extension of slavery over all territory, wherever the people desire to be *blessed* with that domestic institution, at least so we have always understood him. He is not a new convert to these doctrines, and if the president wishes a judge for Nebraska, with these liberal democratic notions, we are confident that Mr. Bradley will "fill the bill."—*La Porte (Indiana) Whig.*

A Washington letter-writer intimates that the administration democrats of Vermont feel hurt at what they consider the neglect of the president. Their state, they say, voted heartily against him, and yet she is the only one of the four opposition states which has not been honored by the favorable notice of the executive. Massachusetts and Kentucky have each a representative in the cabinet, and a citizen of Tennessee holds the profitable and responsible position of printer to congress, to which he was elected in strict accordance with the wishes of the president. While Vermont, the only remaining one of four states which voted against him, has nothing. The complaint of Vermont seems reasonable—the more so as it cannot be doubted that the president might strengthen himself and the party as much by an important appointment from Vermont as he did by either of those named.—*Buff. Com. Adv.*

PENNSYLVANIA.—The Washington correspondent of the New York Express writes that "the prospect of a thorough whig victory in Pennsylvania, in October, increases daily. An experienced politician of superior advantages for acquiring information on this subject, has recently returned from a long visit to that state, and gives it as his opinion that the whig candidate for governor, Mr. Pollock, will beat Gov. Bigler, from 10,000 to 15,000 votes. He regards this result as inevitable, and the election of a large majority of the delegation to the next congress, by the whigs, as equally inevitable."

LOST BAGGAGE.—A decision was recently given in a New York court, of importance to hotel-keepers and travelers, relative to the liability of the former for lost baggage. The mooted question as to what constitutes the personal baggage of a traveler was entered into at length by the judge. Gold snuff-boxes and opera-glasses were excluded, while a bible and prayer book, and a gold letter seal, valued at fifteen dollars, were allowed. Judgment was rendered for the full amount of loss, excepting the snuff box and two opera glasses. The trunk was lost from a carriage belonging to the Metropolitan hotel, New York, Messrs. Leland, proprietors. The money in the trunk was decided to be at the risk of the owner.

We hear rumors of extensive damages in and about the neighborhood of Geneva lake occasioned by the waters of the lake breaking from their confinement and making a new channel of connection with Fox river. The rumors involve the tearing away of dams and mills both on the lake and river, and it is feared the lake will empty itself entirely. We get no particulars.—*Kenosha Telegraph, Monday.*

☞ The Racine County Democrat has been enlarged to a seven column paper.

NEW HAMPSHIRE.—When the Nebraska resolutions were under consideration, a motion to substitute resolutions in the house committing the whigs to their platform of 1852 was defeated.

The first resolution, declaring against the introduction of slavery into free territory, and the erection of any territory without its prohibition, was adopted by 160 to 118.

The second resolution was passed by a vote of 155 to 119. It deprecated the repeal of the Missouri compromise.

The resolution approving of the course of Kittredge and Morrison, in voting against the Nebraska bill, in congress, passed by a vote of 156 to 110.

The resolution disapproving the course of senators Williams and Norris, and Hibbard of the house was also passed by a vote of 150 to 117.

The editor of the Philadelphia Courier says: "While at the 'Burning spring,' near Niagara, a few days ago, we were requested to enter the names of our party in the visitor's register, and, while complying observed that the registry had been suspended at about two-thirds down on the left hand page, and then continued at the top of the right. On seeking the cause, we found the last entry as follows:

'*Matt. F. Ward, Brothers and Servant.*'

Of course, that name had cast a blight upon the page forever; no honest man would add his name beneath that of the Cain-braided fugitive, but underneath was written, as by the hand of some recording angel, or crime-pursuing Nemesis—

"THE MURDERER!"

The hard shells of New York hold their state convention on Wednesday, the 12th inst., at Syracuse, to nominate a state ticket for governor, &c. The leaders are much puzzled to know what to say about the Nebraska bill. If it is introduced and voted on, it will shatter their party to fragments—for fully one half under the lead of Peckham, Wheeler and Bradly, are decided against it—while the other section under the lead of Cutting, Croswell and Walsh are as warmly for it. The N. Y. Herald advises them not to touch it at all—pass it over in silence. The Albany Argus and the Buffalo Courier insist upon an endorsement of it. We think that they will compromise, by approving of the principle of popular sovereignty so far as it is embraced in the bill, but at the same time not approving of the bill as it passed.—*Wis.*

YOUNG AMERICA OF THE FLASH SCHOOL.—In his lately published volume of lectures on "The Moral Aspects of City Life," Rev. E. H. Chapin says of Young America: "There are young men whose sole conception of enjoyment is concentrated in the word 'fast'—who grow fast, live fast, go fast on the tract to destruction with their own folly for a locomotive, and champagne and brandy for the steam power; converting themselves into liquor cases propping up door-posts, hanging over railings, and startling the dull ear of night with rickety melodies and war-whoops. There are others, half fop and half ruffian, who divide their time between the favorite racer and the pet pugilist, and whose idea of a millenium probably would be that of a protracted fourth of July."

GREAT EXCITEMENT IN GALENA.—Some person took it into his head to arrest several negroes (who have, as we understand it, long been residents of that place) under a law of Illinois designed to check black immigration to that state. Four blacks were arrested and taken before a magistrate but afterwards released on a writ of habeas corpus issued by Judge Sheldon. We think the act on the part of the getters up a very foolish thing.—*Dubuque Herald.*

☞ The Racine Advocate, of Monday, contains the following card:

OFFICE OF THE R. J. AND M. RAILROAD CO.
Racine, Wis., July 8th, 1854.

To the Stockholders and Public:

The directors of this company are happy in being able to announce, that in the failure of Messrs. R. & G. L. Schuyler, of New York city, who had contracted to furnish the rails and equipage for the road, we are involved in no loss whatever, except the possible delay of opening a portion of the line. No advances had been made to Messrs. Schuyler, and not a dollar of the securities of the company had been placed in their hands. The first division of the line from Racine to Fox river is ready to receive the rails. The grading, bridging, &c., of the whole line to Beloit, can now be completed in ninety days, and negotiations are already being made with new parties for the rails and rolling stock. The determination of the directors to have the first and a part of the second divisions of the line opened for business the coming fall, remains unchanged.

By order of the Board,
HENRY S. DURAND, President.

☞ Graham's Magazine comes late this month, but the delay is amply compensated by the contents of the number, which are of a high order. The principal engraving is a superb picture, and the illustrations are of no common merit.

BY TELEGRAPH!

[REPORTED FOR THE JANESVILLE GAZETTE.]

WASHINGTON, July 10.

Senate.—Bill for construction of telegraph to the Pacific was debated and postponed. Homestead bill taken up.

House.—Mr. Fuller moved that committee be discharged from further consideration of the bill for the construction of four revenue cutters and to increase the pay of the revenue corps. Motion lost.

NEW YORK, July 10.

Judge Bronson has been sick for some days.—The Harlem company have cautioned the public against negotiating the certificates of Albany extension stock which has been fraudulently issued by Robert Schuyler. Dr. Richard Schuyler has been obliged to suspend payment. He was a large negotiator of loans and discounts for Messrs. Schuyler, and his name appears as endorser of $700,000.

EASTPORT, July 10.

A large fire occurred at Lubec consuming 14 plaster mills, 2 stores, 1 dwelling house, and 2 vessels. Loss estimated at $10,000.

THE HEAT.—The Chicago Tribune gives an understandable illustration of the heat on Monday, the 3d inst.—the hot day:

A Dutchman was being driven down Clark street yesterday, in an open wagon, and apparently sweltering under the broiling sun. Espying a five cent piece on the side walk, he jumped from the wagon to get it, but the hot bricks made him so sensitive that he quickly regained his seat, and sung out to the boy—"Hans, drive on! Mine God, h——l *is not one mile from dish place!*"

FISHING TO SOME PURPOSE.—Mr. T. Boyce, caught day before yesterday, in Fourth lake, four fine fat pickerel, the aggregate weight of which was 64 lbs. The largest weighed 22 lbs., and was served up to the guests of the Capitol house yesterday, "boiled, with egg sauce."—*Madison Argus, 8th.*

AN OFFSET.—Those persons who raise their eyes in horror, at the enormity of the offense committed by Cassius M. Clay in speaking on the "Fourth of July," against human slavery and the encroachments of slave power, will doubtless experience much satisfaction in the knowledge that S. A. Douglas, the same day made a speech in Philadelphia, in favor of the Nebraska swindle and against human freedom.

AGAIN & AGAIN THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring for this market, to be sold this season,

$39,007 00 Worth of Goods!

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents*, such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods,

are on change, so that every one may be entirely accommodated with every article of female apparel.—

Eved French red foxed Gaiters,

Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer

DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Bed Pans for males or females, Pots for tea or chamber purposes, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till*
It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop,*
More in mock than mark."

HOLDEN, KEMP & Co. The Empire Drug Warehouse.

WHOLESALE AND RETAIL,

ESTABLISHED 1845!

THE OLDEST DRUG HOUSE IN WISCONSIN!

Holden & Kemp, 1845.

Holden, Kemp & Co., 1851.

THE UNDERSIGNNED have the pleasure of again greeting their old friends and patrons with the fact that they are as usual to be found at the

OLD HEAD QUARTERS,

The Great Regulator of the Drug Trade for the interior of the State,

THE EMPIRE DRUG STORE.

Having been engaged in the *WHOLESALE AND RETAIL DRUG BUSINESS* here for years, we are supposed to be posted on all matters pertaining to the interests of the trade and our customers.

Our aim in the beginning was to sell

Pure Goods at Fair Prices,

And having during a series of years witnessed the "*Rise and Fall*" of men who endeavored to compete with this system, whose desire to delude the public with a bombastic advertisement was apparently their highest ambition, has more than ever convinced us that *OUR* system is the only one that can win.

In view of these facts,

Our Spring Purchase

has been unusually heavy, in which nothing that enters in the most remote degree into our business has been omitted:

DRUGS, FOREIGN & DOMESTIC,

GUMS, POWDERED ARTICLES, HERBS & EXTRCTS, including every article of the most pure and choice kind.

☞ If Physicians will take the time to look through our Stock and examine minutely the quality of our Medicines and Preparations, they will not only find articles that will suit them, but goods that can at all times be relied upon.

Family Preparations and Genuine Patent Medicines.

In this department our stock and assortment is unsurpassed. We have the *Sole Agency for all Patent Medicines of any value,* and any article sold in the West can be found at our Store.

FAMILY MEDICINES AND PRESCRIPTIONS compounded with great care, and put up at all hours of the day and night.

Paints Oils, Glass, Varnishes, &c.

Of these leading articles we have an almost unlimited supply. Buying at first hands, for *Net Cash*, enables us to offer great Inducements to Merchants and others to buy directly of us; and having worked into a

Heavy Wholesale Trade,

In this class of goods, our stock will always be found the largest in the interior, and our prices by far the most desirable.

FANCY ARTICLES & PEDLER'S GOODS.

To this part of our trade, which has involuntarily grown upon us, we have this spring given more than usual attention. Our assortment will be found desirable and prices satisfactory.

DAGUERREAN GOODS.

A very large Stock Cases and Lockets, of our *own style and design*, manufactured to order for our trade. Artists supplied with Chemicals and every thing pertaining to the business, at the lowest possible rates.

PERFUMERY,

FRENCH, ENGLISH, AMERICAN & GERMAN, Including a large and most desirable Stock. Ladies and Gentlemen are requested to look at our Assortment, it is not surpassed by any House in the West.

Our time being of more value to our customers than in writing advertisements, we will only say in conclusion, that

Every Article Pertaining to the Trade

can be found at our Establishment. In regard to prices, all who know with what superior facilities we enter the market, connected as we are with an extensive

WHOLESALE HOUSE IN NEW YORK CITY,

must see at once that no establishment *here* can hope to compete with us, without either imposing upon their customers or sharing the fate of their predecessors.

Orders solicited, and Goods packed with the greatest care.

from the Eastern Markets.

Those in the HARNESS and SHOE business can now obtain their supply of the best *quality in this new, beautiful and enterprising city,* CHEAP FOR CASH, and save time, *trouble and expense in traveling either to* the Lake or farther East.

It appears that some of our friends have had a sudden impulse of benevolence come over them for the people here and in this vicinity, but doubtless our citizens will discover what the rats did in the fable, that there was a cat in the white heap.

Also, received and receiving an extensive assortment of

Boots & Shoes,

which are offered only at Wholesale, at prices SO LOW, that all who wish to purchase, on examination will not *hesitate to buy.*

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,
COOLEY & BABCOCK.

Janesville Clothing Emporium. WM. ADDY,

Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale, is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

NEW GOODS!

$15,000 Worth of BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me, for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock cast and in such large quantities, I, of course save a very large per cent, *and thereby can sell at lower prices* and at the same time make my profits.

I want to state further that I have secured the services of Mr. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order *any style of work you wish, at low rates.*

Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the Chest
Dyspepsia, Indigestion,	

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved,* by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have *any idea of,* pay strict attention to *temperance* in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente,* are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,

DEEDS and MORTGAGES for sale at this Office.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood —skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Napthat.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done —take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions *for adults and children, gratis of the agents.* A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. *Try it for Piles.*

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
